## PROXIES

### Solicitation of Proxies

This Information Circular and Proxy Statement (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by the management (“**Management**”) of CES Energy Solutions Corp., including, where context requires, its predecessors and subsidiaries (the “**Corporation**” or “**CES**”) for use at the Annual General and Special Meeting of the holders (the “**Shareholders**”) of common shares of the Corporation (the “**Common Shares**”) to be held on June 15, 2026, at 9:00 am Mountain Daylight Time (together with all adjournments and postponements thereof, the “**Meeting**”). CES will conduct the meeting virtually via audio webcast at <http://meetnow.global/M65SNXU>. **Shareholders will not be able to attend the Meeting in person.**

The Meeting is being held for the purposes set forth in the accompanying Notice of Annual General and Special Meeting of Shareholders (the “**Notice of Meeting**”) accompanying this Information Circular. Information contained in this Information Circular is given as at April 23, 2026, unless otherwise stated.

### Voting at the Meeting

A Registered Shareholder or a Beneficial Shareholder (each as defined below) who has appointed themselves or a third-party proxyholder to represent them at the meeting, will appear on a list of shareholders prepared by Computershare Trust Company of Canada / Computershare Investor Services Inc. (collectively, “**Computershare**”), the transfer agent and registrar for the meeting. To have their Common Shares voted at the meeting, each Registered Shareholder or proxyholder will be required to enter their control number or username provided by Computershare at <http://meetnow.global/M65SNXU> prior to the start of the meeting. Beneficial Shareholders who appoint themselves as a proxyholder **MUST** register with Computershare at <https://www.computershare.com/CESEnergy> after submitting their voting instruction form in order to receive a username and to be able to vote. **It is important that you are connected to the internet at all times during the meeting in order to vote when balloting commences.**

The Corporation believes that the ability to participate in the Meeting in a meaningful way, including asking questions, remains important despite the decision to hold this Meeting virtually. Registered Shareholders, proxyholders and Non-Registered Shareholders will have an opportunity to ask questions at the Meeting in writing by sending a message to the chair of the Meeting online through the virtual meeting platform. It is anticipated that shareholders will have substantially the same opportunity to ask questions on matters of business at the Meeting as in past years compared to when meetings of shareholders were held in person.

We expect to hold, to the extent feasible and practical, a live question and answer session in connection with the Meeting. Registered Shareholders and Beneficial Shareholders who have appointed themselves as proxyholders in accordance with the instructions above will be able to submit questions for the question and answer session. Questions can be submitted only during the Meeting in writing through the live webcast at <http://meetnow.global/M65SNXU> after logging-in and typing your question into the “Ask a Question” field, and clicking “Submit”.

We intend to answer properly submitted questions that are pertinent to the business to be conducted at the Meeting and, as time permits. Questions sent will be moderated before being sent to the Chair of the Meeting. Questions and answers will be grouped by topic and substantially similar questions will be grouped and answered once. The Company reserves the right to edit profanity or other inappropriate language, or to exclude questions that are not pertinent to Meeting matters or that are otherwise inappropriate.

If you encounter any difficulties accessing the virtual Meeting during the check-in or Meeting time, please call the technical support number that will be posted on the virtual shareholder Meeting log in page.

### **Notice and Access Procedures**

National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 - *Continuous Disclosure Obligations* (“**NI 51-102**”) allow for the use of a "notice and access" regime for the delivery of proxy-related materials.

Under the notice-and-access regime, reporting issuers are permitted to post electronic versions of their proxy-related materials on the System for Electronic Document Analysis and Retrieval (“**SEDAR+**”) as well as a website other than SEDAR+, rather than mailing paper copies to Shareholders. Under notice-and-access, a notice package containing (i) a paper copy of a notice outlining the matters to be addressed at the Meeting and how a Shareholder may obtain a copy of the Information Circular electronically or request a paper copy at no charge, and (ii) a Form of Proxy (as defined below), in the case of Registered Shareholders or a voting instruction form, in the case of Beneficial Shareholders will be sent to Shareholders. Where prior consent has been obtained, a reporting issuer can send this notice package to Shareholders electronically. This notice package must be mailed to Shareholders from whom consent to electronic delivery has not been received.

The Corporation has elected to send its Information Circular to Registered and Beneficial Shareholders using the notice-and-access regime. Accordingly, the Corporation will send the above mentioned notice package directly to Registered Shareholders and indirectly to Beneficial Shareholders. Using notice-and-access is expected to reduce the volume of materials that must be physically mailed to shareholders and reduce our impact on the environment.

The Corporation will not pay for proximate intermediaries to forward the proxy related materials and the voting instruction form to objecting beneficial owners under NI 54-101 and accordingly, objecting beneficial owners will not receive such materials unless their intermediary assumes the cost of delivery.

### **Notice to Beneficial Holders of Common Shares**

**The information set forth in this section is of significant importance to many Shareholders of the Corporation, as a substantial number of the Shareholders do not hold Common Shares in their own name.** Shareholders who do not hold Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares (referred to herein as “**Registered Shareholders**”) can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder’s name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc.), which acts as nominee for many Canadian brokerage firms. Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the brokers/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of securityholders’ meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to

Registered Shareholders; however, its purpose is limited to instructing the Registered Shareholder how to vote on behalf of the Beneficial Shareholder.

The majority of brokers now delegate responsibility for obtaining voting instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically mails a scannable “voting instruction form” in lieu of the form of proxy. Beneficial Shareholders are requested to complete and return the voting instruction form to Broadridge by mail, phone or online. Alternatively, Beneficial Shareholders can call a toll-free telephone number or access Broadridge’s dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and vote the Common Shares held by them. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. The voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Beneficial Shareholders who receive forms of proxies or voting materials from organizations other than Broadridge should complete and return such forms of proxies or voting materials in accordance with the instructions on such materials in order to properly vote their Common Shares at the Meeting.

**A Beneficial Shareholder receiving a voting instruction form from Broadridge or a form of proxy from an organization other than Broadridge cannot use it to vote Common Shares directly at the Meeting. A Beneficial Shareholder who wishes to participate online and vote at the Meeting must have themselves appointed as proxy by the Registered Shareholder by following the instructions in the voting instruction form or form of proxy. In addition, you must register yourself as your proxyholder at <https://www.computershare.com/CESEnergy>.**

After the proxyholder is registered, Computershare will provide the proxyholder with an invite code for the Meeting. This invite code will allow the proxyholder to log in to the live webcast and vote at the Meeting using the Computershare virtual meeting platform. To vote during the Meeting online via webcast log in at <http://meetnow.global/M65SNXU>, enter the invite code provided by Computershare, then click on the “Login” button.

For Beneficial Shareholders in the United States, in order to attend and vote at the virtual Meeting, you must first obtain a valid legal proxy from your broker, bank or other agent and then register in advance to attend the Meeting. Follow the instructions from your broker or bank included with these proxy materials or contact your broker or bank to request a legal proxy form. After first obtaining a valid legal proxy from your broker, bank or other agent, to then register to attend the Meeting you must submit a copy of your legal proxy to Computershare. Requests for registration should be directed to Computershare, Proxy Department, 320 Bay Street, 14th Floor, Toronto, Ontario M5H 4A6 or via email at [uslegalproxy@computershare.com](mailto:uslegalproxy@computershare.com).

Requests for registration must be labeled as “Legal Proxy” and be received no later than 9:00 am Mountain Daylight Time on Thursday, June 11, 2026. You will receive a confirmation of your registration by email after we receive your registration materials. You may attend the Meeting and vote your shares at <http://meetnow.global/M65SNXU> during the Meeting. In addition, you must register yourself as a proxyholder at <https://www.computershare.com/CESEnergy>.

Beneficial Shareholders who do not have an invite code will only be able to attend as a guest which allows them to listen to the Meeting however will not be able to vote or submit questions. A Beneficial Shareholder may revoke voting instructions which have been given to an intermediary by carefully following the instructions provided by the intermediary.

If you are using an invite code to login to the Meeting and you accept the terms and conditions, you will be revoking any and all previously submitted proxies. However, in this case you will be provided the opportunity to vote by ballot on the matters put forth at the Meeting. If you DO NOT wish to revoke all

previously submitted proxies, do not accept the terms and conditions, in which case you can only enter the Meeting as a guest. If you are eligible to vote at the Meeting, it is important that you are connected to the internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure connectivity for the duration of the Meeting.

### **Record Date**

Only Registered Shareholders of record at the close of business on May 1, 2026 (the “**Record Date**”), are entitled to notice of, and to attend and vote at, the Meeting, unless a Registered Shareholder has transferred Common Shares subsequent to that date and the transferee Registered Shareholder establishes ownership to the Common Shares and demands, not later than 10 days before the Meeting, that the transferee’s name be included on the list of shareholders entitled to vote.

### **Appointment and Revocation of Proxies**

Registered Shareholders may vote virtually at the Meeting or they may appoint another person as their proxy to attend and vote in their place. A form of proxy (“**Form of Proxy**”) has been mailed with the Notice of Meeting and this Information Circular to all Registered Shareholders. **The persons named in the Form of Proxy are officers of the Corporation. A Registered Shareholder submitting the Form of Proxy has the right to appoint a person (who does not have to be a Shareholder) to be their representative at the Meeting, other than the persons designated in the Form of Proxy furnished by the Corporation. Such appointment may be exercised by inserting the name of the appointed representative in the blank space provided for that purpose. In addition, a Registered Shareholder must register its proxyholder at <https://www.computershare.com/CESEnergy>.**

After such registration is complete, Computershare will provide an invite code to the appointed proxyholder. This invite code will allow the proxyholder to log in to the live webcast and vote at the Meeting using the Computershare virtual meeting platform. Without an invite code, the proxyholder will not be able to vote at the Meeting. Computershare will provide the duly appointed proxyholder with an invite code provided that the Form of Proxy has been received by Computershare prior to the deadline set out below.

Registered Shareholders that cannot attend the Meeting virtually are requested to complete, sign, date and return the accompanying Form of Proxy in the envelope provided. In any case, the Form of Proxy must be dated and executed by the Registered Shareholder or his or her attorney duly authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. In order to be effective, the completed Form of Proxy must be deposited at the office of the Corporation’s registrar and transfer agent, Computershare, Proxy Department, 320 Bay Street, 14th Floor, Toronto, Ontario M5H 4A6, no later than 9:00 am Mountain Daylight Time on Thursday, June 11, 2026.

A Registered Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends virtually at the Meeting, such person may revoke the proxy and vote virtually at the Meeting. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by the Registered Shareholder or his or her attorney authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. In order to be effective, the revocation must be deposited either at the office of Computershare, as described above, at any time prior to 2:30 pm Mountain Daylight Time on the last business day preceding the day of the Meeting at which the proxy is to be used, or with the chairman of the Meeting on the day of the Meeting, and upon either of such deposits the proxy is revoked.

## Persons Making the Solicitation

**This solicitation is made on behalf of Management of the Corporation.** The costs incurred in the preparation and mailing of the Form of Proxy, Notice of Meeting and this Information Circular and the solicitation of proxies will be borne by the Corporation. In addition to the use of mail, proxies may be solicited by personal interviews, or by other means of communication or by the directors, officers and employees of the Corporation, who will not be remunerated therefor.

## Exercise of Discretion by Proxies

The persons designated in the enclosed Form of Proxy will, if the instructions are clear, vote the Common Shares represented by that Form of Proxy, and where a choice with respect to any matter to be acted upon has been specified in the Form of Proxy, the Common Shares represented by that Form of Proxy will be voted or withheld from voting in accordance with the specification so made. **In the absence of such specification in a Form of Proxy received by the Corporation, the Common Shares will be voted in favour of any matters for which no specification has been made.**

**The persons designated in the enclosed Form of Proxy are conferred with discretionary authority with respect to amendments or variations of those matters identified in the Form of Proxy and the Notice of Meeting and with respect to any other matters which may properly be brought before the Meeting. In the event of any amendments or variations to matters identified in the Form of Proxy and the Notice of Meeting, or with respect to any other matters which may properly be brought before the Meeting, it is the intention of the persons designated in the enclosed Form of Proxy to vote in accordance with their best judgment on such matters. At the time of printing this Information Circular, Management is not aware of any such amendment, variation or other matter.**

## Quorum

At the Meeting, a quorum shall consist of a minimum of two (2) shareholders present (virtually) or represented by proxy and representing in the aggregate not less than 5% of the outstanding Common Shares.

## VOTING SHARES AND THE PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares and as at the Record Date, 210,857,332 Common Shares were issued and outstanding. Each matter to be voted on at the Meeting will be conducted by poll or ballot with every Shareholder present or represented by proxy has one vote for each Common Share held.

To the best of the knowledge of Management and the directors of the Corporation, as at the Record Date, no Shareholder beneficially owned or controlled or directed, directly or indirectly, Common Shares carrying more than 10% of the votes attached to all of the issued and outstanding Common Shares that may be voted at the Meeting.

## SHAREHOLDER PROPOSALS

The *Business Corporations Act* (Alberta) (the “**ABCA**”) permits certain eligible Shareholders to submit shareholder proposals to the Corporation for inclusion in a management proxy circular for an annual meeting of shareholders. No Shareholder proposals were submitted for consideration at the upcoming Meeting. The final date by which the Corporation must receive shareholder proposals for the annual meeting of Shareholders to be held in 2027 is March 17, 2027, being the date that is at least 90 days before the anniversary of the Meeting.

## APPROVAL REQUIREMENT

All of the matters to be considered at the Meeting, other than the election of directors, are ordinary resolutions requiring approval by more than 50% of the votes cast in respect of the resolution by or on behalf of Shareholders present (virtually) or represented by proxy at the Meeting.

### MATTERS TO BE ACTED UPON AT THE MEETING

#### 1. Presentation of Financial Statements

The consolidated comparative financial statements of the Corporation for the year ended December 31, 2025, including the auditors' report on those financial statements, made available on the internet on the Corporation's SEDAR+ profile at [www.sedarplus.ca](http://www.sedarplus.ca).

#### 2. Number of Directors

At the Meeting, Shareholders will be asked to fix the number of directors to be elected at the Meeting at eight (8) members. **The persons designated in the enclosed Form of Proxy, unless otherwise instructed, intend to vote FOR of the recommendation to fix the number of directors at eight (8) persons.**

#### 3. Election of Directors

The board of directors of the Corporation (the "**Board of Directors**" or the "**Board**") currently consists of eight (8) directors whose terms will expire at the Meeting. At the Meeting, the Shareholders of record as at May 1, 2026, will be asked to elect eight (8) nominees to serve as directors of the Corporation until the next annual general meeting of the Shareholders or until their respective successors have been appointed or elected. **The persons designated in the enclosed Form of Proxy, unless otherwise instructed, intend to vote FOR of the election of the nominees listed herein.**

Management does not contemplate that any of the nominees will be unable to serve as a director, but should that circumstance arise for any reason it is intended that the person named as nominee in the enclosed Form of Proxy shall exercise discretionary authority to vote the Common Shares represented by proxy for the election of any other nominee or nominees as directors.

The Board of Directors adopted a Majority Voting Policy (the "**Majority Voting Policy**") effective May 8, 2013, as subsequently amended on May 11, 2017, pursuant to which, in an uncontested election of directors, a director who receives an equal number or more "withhold" votes than "for" votes at the annual meeting of Shareholders will tender his or her resignation to the Chair of the Board of Directors, to be effective upon acceptance by the Board of the Directors. The Governance and Nominating Committee of the Board of Directors (the "**Governance and Nominating Committee**") will expeditiously consider the director's offer to resign and make a recommendation to the Board of Directors whether to accept it or not. The Governance and Nominating Committee will be expected to recommend acceptance of the resignation except in situations in which exceptional circumstances warrant the applicable director continuing to serve on the Board of Directors. The Board of Directors will make its decision and announce it in a news release within 90 days following the annual meeting, including the reasons for its decision. A director who tenders a resignation pursuant to this policy will not participate in any meeting of the Board of Directors or the Governance and Nominating Committee at which the resignation is considered.

Shareholders should note that, as a result of the Majority Voting Policy, a "withhold" vote is effectively the same as a vote against a director nominee in an uncontested election.

The name, residence, date of appointment as a director of the Corporation or its predecessor, principal occupation and number of Common Shares beneficially owned, directly or indirectly, or over which control

or direction is exercised and other information, with respect to each of the eight (8) nominees as directors of the Corporation, as at April 23, 2026, is set forth below:

***Cease Trade Orders or Bankruptcies***

Except as set forth below, no proposed director is as at the date hereof, or has been within the last ten (10) years of the date hereof, a director or executive officer of any company (including the Corporation) that, while he was acting in that capacity: (i) was the subject of a cease trade or similar

order, or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; (ii) was subject to an event that resulted, after the director or officer ceased to be a director or officer, in the company being the subject of a cease trade or similar order, or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or (iii) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager, or trustee appointed to hold its assets.

Mr. Kitagawa was a director and Chairman of the Board of Zargon Oil & Gas Ltd. (“**Zargon**”), a publicly traded oil and gas producer traded on the TSX. Mr. Kitagawa resigned as director and Chairman of the Board on September 4, 2020. Subsequently, on September 8, 2020, Zargon submitted a Notice of Intention to Make a Proposal under the *Bankruptcy and Insolvency Act* and appointed MNP Ltd. as Zargon’s trustee. On November 13, 2020, a consolidation order was granted and a Proposal was filed, which was subsequently approved by the shareholders of Zargon and by the Alberta Court of Queen’s Bench on January 6, 2021. The Proposal contemplated the reorganization of Zargon’s share capital to allow Blue Sky Resources Ltd. to become the sole shareholder of Zargon (“**Zargon Reorganization**”). The securities regulators in the Provinces of Alberta and Ontario issued cease trade orders in relation to the securities of Zargon for the failure of Zargon to file financial statements and related management’s discussion and analysis. On January 29, 2021, the Alberta and Ontario securities regulators partially revoked the cease trade orders to permit the Zargon Reorganization, however the general cease trade orders continue to be in effect. Zargon’s common shares continue to be suspended from trading on the TSX.

No proposed director has, within the last ten (10) years of the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

In addition, no proposed director has been subject to (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

#### **4. Approval of Unallocated RSUs**

The Corporation currently has a performance based restricted share unit plan (the “**RSU Plan**”) pursuant to which the Corporation may grant restricted share units (“**RSUs**”) to certain eligible persons in respect of their performance. Upon vesting, each RSU is redeemed for one Common Share for no additional consideration, provided however that the Corporation, at its discretion, may elect to settle RSUs for an equivalent cash amount. The terms of the RSU Plan are described in this Information Circular under the heading “*Share Based Compensation Plans – Terms of the RSU Plan*”.

Under the current RSU Plan, among other restrictions, the aggregate number of Common Shares that may be reserved for issuance pursuant to RSUs granted under the RSU Plan cannot exceed 5% of the number of Common Shares outstanding from time to time. When RSUs have been granted pursuant to the RSU Plan, such RSUs are referred to as allocated. RSUs available for grant under the terms of the RSU Plan, but not yet granted, are referred to as unallocated. As at April 23, 2026, 1,683,709 RSUs were allocated and outstanding, representing approximately 0.80% of the outstanding Common Shares. As at April 23, 2026, a maximum of 8,859,158 RSUs remained unallocated and available for grant under the RSU Plan. See “*Share Based Compensation Plans – Securities Authorized for Issuance Under Share Based Compensation Plans*” for further information respecting the Corporation’s outstanding and authorized share-based incentives as at December 31, 2025.

Since the current RSU Plan does not fix a specific aggregate maximum number of Common Shares that may be issued pursuant to RSUs, but instead fixes the maximum number of Common Shares reserved for issuance (based, under the current RSU Plan, on 5% of the outstanding Common Shares from time to time), the rules of the TSX require that all unallocated RSUs under the RSU Plan be subject to approval by a majority of the Corporation's directors and Shareholders every three years. The RSU Plan was approved by the Shareholders at a meeting held on June 30, 2011. The unallocated RSUs and certain amendments to the RSU Plan were subsequently approved by the Shareholders at meetings held on June 19, 2014, June 15, 2017, June 23, 2020, and June 20, 2023. Accordingly, at the Meeting the Shareholders will be asked to approve the unallocated RSUs under the RSU Plan for another three-year term, expiring on June 15, 2029.

The Board of Directors approved the unallocated RSUs under the RSU Plan effective as of the date of this Information Circular.

### **Resolution Approving Unallocated RSUs**

At the Meeting, Shareholders will be asked to consider and, if thought fit, pass an ordinary resolution approving the unallocated RSUs under the RSU Plan (the "**RSU Resolution**"). If approval is not obtained, all unallocated RSUs will be cancelled and the Corporation will not be permitted to grant any further RSUs under the RSU Plan following the Meeting, but RSUs that have already been granted will remain outstanding. If approval is obtained, the Corporation will continue to be able to grant RSUs under the RSU Plan without further Shareholder approval until June 15, 2029.

The RSU Resolution will be substantially in the following form:

"BE IT RESOLVED THAT:

1. All unallocated restricted share units ("**RSUs**") under the restricted share unit plan ("**RSU Plan**") of the Corporation are hereby approved.
2. The Corporation have the ability to continue granting RSUs under the RSU Plan until June 15, 2029, being the date that is three years from the date of this resolution.
3. Any one director or officer of the Corporation is hereby authorized and directed for and in the name of and on behalf of the Corporation to execute or cause to be executed, whether under corporate seal of the Corporation or otherwise, and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, as in the opinion of such director or officer may be necessary or desirable in order to carry out the terms of this resolution, such determination to be conclusively evidenced by the execution and delivery of such documents or the doing of any such act or thing."

In order for the RSU Resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders who vote virtually or by proxy at the Meeting on such resolution. **The persons designated in the enclosed Form of Proxy, unless otherwise directed, intend to vote IN FAVOUR of the RSU Resolution.**

## 5. Appointment of Auditor

Deloitte LLP, Chartered Accountants (“**Deloitte**”) are the current auditors of the Corporation. Deloitte was first appointed as auditors of the Corporation on January 13, 2006. At the Meeting, Shareholders will be requested to re-appoint Deloitte as the independent auditors of the Corporation to hold office until the next annual general meeting of the Shareholders and to authorize the Board of Directors to fix the auditors’ remuneration.

Certain information regarding the audit committee of the Board of Directors (the “**Audit Committee**”), including the fees billed by the Corporation’s external auditors during the fiscal periods ended December 31, 2024, and December 31, 2025, which are required to be disclosed in accordance with National Instrument 52-110 – *Audit Committees* (“**NI 52-110**”), is contained in Schedule “A” of the Corporation’s Annual Information Form for the year ended December 31, 2025, dated March 10, 2026. The Corporation’s Annual Information Form is available on the internet on the Corporation’s SEDAR+ profile at [www.sedarplus.ca](http://www.sedarplus.ca).

**The persons designated in the enclosed Form of Proxy, unless otherwise directed, intend to vote FOR of the appointment of the firm of Deloitte LLP of Calgary, Alberta, as auditors of the Corporation to hold office until the next annual general meeting of the Shareholders and to authorize the Board of Directors to fix their remuneration.**

### General

The Board of Directors is responsible for the governance of the Corporation, considers good corporate governance to be central to the effective operation of the Corporation and is committed to maintaining a high standard of corporate governance. The Corporation’s governance practices (the “**Governance Guidelines**”) are consistent with, and in many cases exceed the governance guidelines set forth in National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”) and the audit committee rules set forth in NI 52-110 – *Audit Committees* (“**NI 52-110**”), each of which has been adopted by Canadian securities regulatory authorities. The disclosure set forth herein is responsive to and complies in full with the disclosure requirements set forth in National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”), Form 58-101F1 – *Corporate Governance Disclosure*, and the disclosure requirements as set out in the *Business Corporations Act* (Alberta) and its respective regulations.

### Corporate Governance and Nominating Committee

The Board of Directors established a Governance and Nominating Committee (the “**Governance and Nominating Committee**”) and its Charter and has delegated to it responsibility for assisting the Board of Directors in fulfilling its responsibilities relating to matters of human resources (as it relates to governance and nomination to certain management and Board of Directors positions), establishing a plan of continuity and development for senior management of the Corporation, maintaining and enhancing the Corporation’s corporate governance practices and identifying and recommending qualified individuals for nomination for election to the Board of Directors and for appointment to senior management positions, including the Chief Executive Officer position. The Governance and Nominating Committee is comprised of Ms. Cosby (Chair), and Messrs. Hooks and Armour (III). The Charter provides that the governance responsibilities of the Governance and Nominating Committee include, but are not limited to, assisting the Board of Directors in:

- (a) evaluating, developing and recommending the process and structure by which the Board of Directors, Management and committees of the Corporation are held accountable to the Shareholders and other stakeholders of the Corporation;

- (d) evaluating, identifying and recommending nominees for election or re-election to the Board of Directors;
- (e) evaluating, identifying and recommending individuals for the Chief Executive Officer position;

- (j) reviewing and recommending changes to the respective charters of the Corporation's committees;
- (k) establishing procedures for the engagement of separate independent counsel by each committee and director;
- (l) reviewing the Corporation's annual disclosure documents that contain significant information relating to matters within the Governance and Nominating Committee's mandate;
- (m) reviewing and evaluating the Charter and the Governance and Nominating Committee's efficacy;
- (n) oversight of risk management activities, including monitoring and reviewing the Corporation's risk management policies and procedures for key risks to the Corporation's business and operations; and
- (o) providing oversight of corporate governance related matters.

The Board of Directors and the Corporation have devoted significant attention and resources to reviewing the Corporation's corporate governance practices and ensuring that the Corporation's system of corporate governance continually meets or exceeds applicable legal requirements. Of particular note, the Board of Directors adopted its Code of Business Conduct (the "**Code**"), as well as a number of policies including: a clawback policy; an insider trading policy; a disclosure and media policy; a whistleblower policy, an anti-bribery and corruption policy, a supplier code of conduct, and a board and management diversity policy. These policies, together with the Board of Directors' Terms of Reference, have been put in place to assist the Corporation in maintaining a high standard of corporate governance. With input from the relevant committees, the Board of Directors also created charters for the Corporation's committees. A copy of the Code is available on the Corporation's website and on the Corporation's SEDAR+ profile at [www.sedarplus.ca](http://www.sedarplus.ca). Copies of each of the insider trading policy, disclosure and media policy, anti-corruption and bribery policy, the supplier code of conduct, board and management diversity policy and the Terms of Reference are available on the Corporation's website.

## Other Board Committees

The Board of Directors has a Compensation Committee (the “**Compensation Committee**”), whose primary responsibility was to assist the Board of Directors in oversight and monitoring compensation related matters as outlined under the heading “*Compensation Committee*” on page 30. The Compensation Committee is comprised of Messrs. Hooks (Chair), Armour (III), and Kitagawa.

The Board of Directors also has an Audit Committee comprised of four (4) independent directors, being Messrs. Hardacre (Chair), Kitagawa, Wright and Ms. Roessel<sup>1</sup>. In addition, all Board members are invited as guests to the Audit Committee to allow for the more efficient dissemination of the Corporation’s financial information and to aid in the efficient conduct of business at Board meetings. Certain information regarding the Audit Committee that is required to be disclosed in accordance with NI 52-110 is contained in Schedule “A” in the Corporation’s Annual Information Form for the year ended December 31, 2025. The Corporation’s Annual Information Form is available on the internet on the Corporation’s SEDAR+ profile at [www.sedarplus.ca](http://www.sedarplus.ca).

In addition, the Board of Directors has a Health, Safety and Environment Committee (the “**HS&E Committee**”) currently comprised of three (3) independent directors, being Messrs. Wright (Chair), Hardacre and Ms. Cosby. The primary function of the HS&E Committee is to assist the Board of Directors in fulfilling its oversight in respect of the development, implementation and monitoring of the Corporation’s health, safety and environmental (“**HSE**”) policies, as well as providing input to the Compensation Committee with respect to compensation matters relating to HSE metrics.

A description and the full text of the charter’s for each of the Audit Committee, Compensation Committee, Governance and Nominating Committee, and HS&E Committee, which outline the role and responsibility for each Committee can be found on the Corporation’s website at: <https://www.cesenergysolutions.com/investor-relations/governance/>.

## Board of Directors

NP 58-201 recommends that boards of directors be composed of a majority of independent directors and that the chair of a board of directors be an independent director<sup>2</sup>. The Board of Directors of the Corporation is currently comprised of eight (8) directors, seven (7) of whom are independent for the purpose of NI 58-101 and NI 52-110 (including the Chairman of the Board of Directors, Mr. Kyle Kitagawa). The one (1) non-independent director is Mr. Kenneth E. Zinger, the President and Chief Executive Officer of the Corporation.

In determining that each director other than Mr. Zinger is independent, the Board of Directors affirmatively determined that each such director has no material relationship with the Corporation that would be reasonably expected to interfere with the exercise of such members’ independent judgment, either directly or as a partner, security holder or officer of an organization that has a relationship with the Corporation. The Board of Directors also determined that each such director has not received any consulting, advisory, or other compensatory fee from the Corporation except in the capacity of a member of the Board of Directors or a committee of the Board of Directors. The table below lists the members of the Board of Directors, their year of appointment and their respective committee memberships as at the date of this Information Circular.

---

<sup>1</sup> Ms. Roessel joined the Board of Directors and Audit Committee on April 16, 2026. In 2025 the Audit Committee consisted of three (3) independent directors, being Messrs. Hardacre (Chair), Kitagawa, Wright.

<sup>2</sup> NI 58 101 states that a director is considered “independent” if he or she has no direct or indirect “material relationship” with the issuer. The definition of “material relationship” includes a relationship that could “in the view of the issuer’s Board, be reasonably expected to interfere with the exercise of a member’s independent judgment”. The Board has completed an assessment of director independence. The assessment included a review of directors’ responses to a questionnaire in which each director was required to review and respond to all of the components of the definition of “independent” under NI 58 101 and to disclose any and all current or prior relationships between the director and the Corporation

The Board of Directors considers eight (8) directors to be appropriate for the size and present stage of development of the Corporation, and sufficient to provide an appropriate mix of background and skills.

The Corporation and the Board of Directors recognize the significant commitment involved in being a member of the Board of Directors. Accordingly, the Corporation's Governance Guidelines require every director to immediately notify the Chair of the Audit Committee or Governance and Nominating Committee of all potential conflicts of interest. Subsequent to such notification, the Board of Directors of the Corporation will be responsible for evaluating the potential conflict and will take such actions as are reasonably required to resolve such matters with a view to the best interests of the Corporation. In addition, a director whose principal occupation or professional position materially changes must promptly advise the Chairman of the Board of Directors. Upon such a significant change in a director's principal occupation or upon a director assuming any significant outside commitments, the Governance and Nominating Committee is responsible for reviewing, in light of the Board of Directors' current policies and the Corporation's Governance Guidelines and policies, whether that director should continue as a member of the Board of Directors. If the Governance and Nominating Committee determines that such a director should no longer serve as a member of the Board of Directors, then upon receiving a resignation request from the Chairman, that director would be expected to tender his or her resignation to the Board of Directors for consideration.

Certain directors currently serve on the boards of directors of other reporting issuers in Canada (or the equivalent in a foreign jurisdiction) as listed below.

#### *Other Board Memberships and Interlocks*

The Governance and Nominating Committee considers it to be good governance to avoid interlocking relationships on the boards of other reporting issuers and on the Corporation's committees. No Board members sit on the same board of directors of any outside reporting issuer.

## Meeting Attendance

The Corporation's Governance Guidelines provide that any director may, at any time, request that a meeting of the Board of Directors or any committee of the Board of Directors be held without representatives of Management and without non-independent directors present or that all or some representatives of Management absent themselves from any particular portion of any meeting of the Board of Directors or committee of the Board of Directors. In addition, the Board of Directors generally schedules time at the end of each meeting to meet without the President and Chief Executive Officer, other Management and non-independent directors. This is intended to ensure that adequate structures and processes are in place to permit the Board of Directors to function independently of Management. For the year ending December 31, 2025, the Board of Directors held five (5) in-camera sessions. In addition, the Audit Committee has held four (4) in-camera sessions, the Governance and Nominating Committee has held two (2) in-camera sessions, the Compensation Committee has held three (3) in-camera session and the HS&E Committee have held four (4) in-camera sessions, without the presence of members of Management and the non-independent directors. During 2025 the Board of Directors and its committees held the following number of meetings:

Director <sup>(1)</sup>	Board	Audit	Governance and Nominating	Compensation	Health, Safety and Environment
Kyle D. Kitagawa	4/5	4/4		3/3	
Spencer D. Armour III	5/5		2/2	3/3	
Stella Cosby	5/5		2/2		4/4
Ian Hardacre	5/5	4/4			4/4
John M. Hooks	5/5		2/2	3/3	
Edwin (Joseph) Wright	5/5	4/4			4/4
Kenneth E. Zinger	5/5				

**Note:**

Ms. Roessel was appointed to the Board on April 16, 2026 and therefore did not attend any meetings in 2025.

In addition to the formal Board and Committee meetings listed above, the Board also participates in an additional eight (8) informal monthly calls with members of Management and senior employees of the Corporation to receive regular updates on the operations and financial position of the Corporation.

## Board Mandate

The Board of Directors' primary responsibility is the stewardship of the Corporation and the Board of Directors' fundamental objectives are to enhance and preserve long-term Shareholder value and to ensure that the Corporation meets its obligations on an ongoing basis and operates in a reliable and safe manner. In broad terms, the stewardship of the Corporation involves the Board of Directors in strategic planning, risk management and mitigation, senior management determination, financial reports and internal control integrity. The Board of Directors discharges these responsibilities directly and through delegation of specific responsibilities to the committees of the Board of Directors and Management.

The Board of Directors' mandate, the Terms of Reference, is attached as Appendix "A" to this Information Circular (the "**Terms of Reference**").

## **Strategic Planning**

The Board oversees the development, execution and fulfillment of the Corporation's strategic goals. This responsibility includes a strategic planning process whereby one Board meeting per year is specifically set aside for a substantial strategic planning session in which the Board reviews and discusses the strategic plan developed by Management. Subsequent to the Board's annual strategy meeting, the Board reviews on a regular basis the implementation of the strategic plan and monitors the Corporation's performance against the plan.

## **Position Descriptions**

The Board of Directors has implemented position descriptions for the CEO, Chair of the Board of Directors and the Chair of each committee of the Board of Directors.

The Chairman of the Board is generally responsible for delineating the role and responsibilities of each of the members of the Board of Directors and, in consultation with each of the Chairs of the committees of the Board of Directors, ensures that appropriate resources and attention are allocated to each committee of the Board to ensure that the Board functions in an efficient and effective manner.

The Board of Directors believes in a management team of the highest caliber and delegates specific duties and responsibilities to the committees of the Board of Directors and Management and imposes certain limitations as to the authority of the committees and Management including, for example, discretionary spending limits within the annual capital expenditure budget. The President and Chief Executive Officer, together with Management, is responsible for ensuring that the corporate objectives, developed annually with the Board of Directors, are met in order to enhance Shareholder value.

## **Succession Planning for Senior Executives and Management**

The Governance and Nominating Committee has discussed a succession plan for the President and Chief Executive Officer and certain other senior executives of the Corporation. The Governance and Nominating Committee also has an emergency succession plan in place, should it be required.

## **Risk Management Oversight**

The Governance and Nominating Committee as well as the Board oversees enterprise risk management, including reports prepared by management which: (a) identify the key risks facing the Corporation and ensure that such risks are properly defined; and (b) identify who is responsible for oversight, prevention and management in respect of such key risks and the coordination of any response by the Corporation in the event such key risk materializes. Management of the Corporation is responsible for ensuring that there are processes in place to effectively identify, monitor and manage risks facing the Corporation.

Management also frequently reports to the Board on developments and progress made on its strategies for managing key risks facing the Corporation.

## **Responsibility of the Chairman of the Board of Directors**

The Board Chair is charged with the responsibility to lead the Board of Directors and organize it to function independently of Management so as to foster ethical and responsible decision making, appropriate oversight of Management and good corporate governance practices. The Board Chair schedules in camera sessions at the end of each regularly scheduled meeting of the Board of Directors, to meet with only members who are independent. The Board Chair is responsible for setting the agenda of each meeting and for ensuring that matters to be considered by the Board of Directors are properly presented so as to use directors' time wisely and safeguard the time to be dedicated to strategic planning, review, discussion and decision making. The Board Chair provides advice and counsel to the President

and Chief Executive Officer and other senior executives and leads the Board of Directors process for assessment of the effectiveness of the Board of Directors. The position of Board Chair and Chief Executive Officer have been separate throughout the history of the Corporation since it went public in March 2006.

### **Orientation and Continuing Education**

The Governance and Nominating Committee is responsible for reviewing, monitoring and making recommendations regarding the orientation of new directors and the ongoing education of directors.

Each new director on the Board of Directors will, when appointed, be provided with an orientation that is tailored to his or her particular needs and areas of interest. In addition, each new director will be provided with written information about the duties and obligations of directors, and the business and operations of the Corporation. These written materials will include the Board of Directors' Terms of Reference, the Governance Guidelines, the Code, the charters of each respective committee of the Board of Directors, documents from recent meetings of the Board of Directors and other key corporate policies and relevant corporate and Board of Director information. New directors will be expected to review these documents and become familiar with their contents. New members of the Board of Directors will also have the opportunity to meet with Management of the Corporation.

The Corporation's ongoing education efforts include: (i) on-site visits and field trips to various facilities; and (ii) presentations from officers, senior managers and advisors to the Board and its committees regarding business, legal and other matters. Directors are also encouraged to independently engage in professional development initiatives to become more effective board members.

### **Ethical Business Conduct**

As disclosed above, the Board of Directors has instituted the Code which sets out in detail the core values and the principles by which the Corporation is governed and addresses topics such as: honest and ethical conduct; conflicts of interest; compliance with applicable laws, rules and regulations; privacy and confidentiality of non-public information; protection; proper use of Corporation assets; accuracy of recording and reporting; fair dealing; political activities and contributions; gifts and entertainment; discrimination and harassment; environment, safety and health; and reporting potential violations of laws, rules, regulations and the Code. It applies to and is annually certified by all employees, officers, consultants, service providers and directors. In addition, the Corporation's business partners and suppliers are expected to conduct their business activities with the Corporation in accordance with applicable laws, rules and regulations and the Code. The Code is available on the Corporation's website and on the Corporation's SEDAR+ profile at [www.sedarplus.ca](http://www.sedarplus.ca).

The Corporation's President and Chief Executive Officer and Chief Financial Officer are responsible for communicating the Code to directors, officers, employees and consultants, administering the Code, handling inquiries and complaints, investigating violations, and reporting to the Board of Directors on matters related to the Code.

The Corporation has also established a Supplier Code of Conduct ("**Supplier Code**") that outlines the expectations of the Corporation with respect to the conduct of its vendors and service providers. The Supplier Code establishes specific obligations regarding the following issues: compliance with laws, fair business dealings, labour and human rights (including the prohibition on the use of forced or child labour), health and safety, the environment, and the protection and use of corporate assets. The Supplier Code contains a mechanism for suppliers to report violations of the Supplier Code or raise other questions or concerns by contacting the legal department through a dedicated email address. The Supplier Code has been translated into the five languages most commonly used by our suppliers who are required to confirm their acceptance of the Supplier Code or otherwise provide evidence that the respective supplier has their own internal code of conduct that is materially similar to the Supplier Code.

The Board of Directors and the Audit Committee have also established a Whistleblower Policy to encourage employees, officers and directors to raise concerns regarding any matters, including accounting, internal controls or auditing matters, discrimination, harassment or any other contravention of the Code, applicable laws, rules or regulations. Pursuant to the Whistleblower Policy, anyone may contact the Audit Committee either directly or through the Corporation's confidential Whistleblower hotline and report a complaint regarding the Corporation's accounting, internal controls or auditing matters free from fear of reprisal or contravention.

In addition, in order to ensure independent judgment in considering transactions/agreements in which a director/officer has a material interest, all related party transactions are approved by the independent directors and all payments under related party transactions are approved by the Audit Committee. Since it is not always easy to determine whether a conflict of interest exists, the Code requires that all potential conflicts of interests be reported immediately to a senior officer or the Chair of the Audit Committee.

It is acknowledged that staff and directors may be directors or officers of other entities engaged in the drilling fluid and production chemical business or competing businesses and that such entities may compete directly or indirectly with the Corporation. The Code further states that any staff member or director who is actively engaged in the management of, or who owns an investment of 1% or more of the outstanding securities in, public or private entities must disclose such holding to the President and CEO (in the case of a staff member) or the Board (in the case of a director). In the event that any circumstances should arise as a result of such positions or investments being held, which in the opinion of the President and CEO or Board (as applicable) constitutes a conflict of interest which reasonably affects such person's ability to act with a view to the best interests of the Corporation, the President and CEO or Board will take such actions as are reasonably required to resolve such matters with a view to the best interests of the Corporation. Such actions, may, without limitation, include excluding such staff or directors from certain information or activities of the Corporation.

### **Nomination of Directors and Director Succession**

In consultation with the Chairman of the Board of Directors and the President and Chief Executive Officer, the Governance and Nominating Committee is responsible for identifying and recommending to the Board of Directors nominees for election or re-election to the Board of Directors or for appointment to fill any vacancy that is anticipated or has arisen on the Board of Directors in accordance with the Committee's charter, Governance Guidelines and any policies adopted by or applicable to the Corporation from time to time. The Governance and Nominating Committee has developed evergreen plans and strategies to aid in the identification, recruitment and recommendations of candidates for Board membership, which are reviewed on an annual basis and revised as necessary. In identifying potential nominees, the Governance and Nominating Committee will screen the qualifications of candidates against a matrix of the skills and experiences of current directors and the skills and experience needs of the Board of Directors, taking into account the Board of Directors' long-term succession plans.

The Corporation has not adopted term limits for the directors on the Board or other formalized mechanisms of board renewal. However, the Board may adopt such initiatives in the future. The Governance and Nominating Committee and the Board considers director succession planning on an annual basis, including a review of the qualifications, diversity, skills and experiences of current directors and the skills and experience needs of the Board of Directors, taking into account the Board of Directors' long term succession plans and the need for renewal, as well as diversity in background, experience, and personal skills and qualities on the Board.

The Governance and Nominating Committee, which is comprised entirely of independent directors, is also responsible for reviewing and considering all candidates identified by Shareholders as potential nominees for the Board of Directors.

Candidates are assessed on their individual qualifications, diversity, experience and expertise and must exhibit the highest degree of integrity, professionalism, values and independent judgment. While the emphasis on filling board vacancies is on finding the best qualified candidates given the needs and circumstances of the Board, a nominee's diversity of gender, race, nationality or other attributes may be considered favourably in his or her assessment.

The Governance and Nominating Committee believes that the Board should be comprised of directors with a broad range of experience and expertise and utilizes a skills matrix to identify those areas which are necessary for the Board to carry out its mandate effectively. The following table reflects the diverse skill set of the Board and identifies the specific experience and expertise brought by each individual director.

## Board Assessments

The Corporation's Governance Guidelines provide that the Board of Directors must make an annual assessment of the overall effectiveness of the Board of Directors and the committees of the Board of Directors. To assess the effectiveness of the Board of Directors and its committees, on an annual basis, each of the directors completes a detailed questionnaire which provides for quantitative ratings in key areas including: (a) the effectiveness of the Board; (b) the governance practices of the Board; (c) the ethical standards and professional integrity of the Board and its members; (d) the Board's oversight of management and risk-management; (e) the Corporation's corporate strategy and the Board's input and oversight of the implementation and execution of such strategy; (f) communication and transparency between management and the Board, between Board committees and the Board and between members and the Board; (g) Board processes; (h) Board composition and diversity; (i) committee composition, structure and performance; (j) director succession; (k) quality of materials and information presented to the Board by Management; (l) evaluation of the performance of Management; and (m) evaluation of executive compensation. Board members are also requested to provide any subjective comments regarding corporate governance matters. A summary report of the received questionnaires is then prepared by the chair of the Governance and Nominating Committee, discussed by such committee and provided to the Board for information purposes. Following the aforementioned Board meeting, matters requiring follow-up are identified and action plans are developed and monitored on a go-forward basis by the Governance and Nominating Committee.

## Diversity

The Corporation has adopted a Board & Management Diversity Policy (the "**Diversity Policy**") which is intended to set out a framework to promote diversity on both the Board of Directors and in senior leadership and management positions of the Corporation. The objectives of the Diversity Policy are to identify and consider candidates for the Board and management who are highly qualified based on their experience, education, functional expertise, personal skills and qualities and who meet diversity criteria, including gender, age, ethnicity, sexual orientation, indigenous heritage and geographic location of the candidate. The Governance and Nominating Committee will review the Diversity Policy from time to time as necessary and make recommendations on any required changes to the Board for consideration and approval. A copy of the Diversity Policy may be found on the Corporation's website at <https://www.cesenergysolutions.com/governance>.

Gender diversity is an important component of the Diversity Policy. The Corporation is committed to ensuring that gender diversity is actively pursued both at the Board level and in senior management. The Governance and Nominating Committee seeks to include diverse candidates in any director search and looks at a broad array of organizations in addition to the traditional candidate pool of corporate directors. Due consideration is given to female representation in the director nomination process by identifying female candidates in the selection process in order to promote gender diversity. The Governance and Nominating Committee annually discusses promoting diversity on the Board and in Management in light of the skills required at the time and makes recommendations to the Board.

The Corporation has not adopted a formal target regarding women or other "designated groups"<sup>3</sup> on the Board or in senior management as the Corporation does not believe that quotas or a formulaic approach necessarily results in the identification or selection of the best candidates. However, the Board may adopt such targets in the future.

With the appointment of Ms. Cosby to Chair of the Governance and Nominating Committee in 2022 and the recent appointment of Ms. Roessel in 2026, the Corporation and the Board have demonstrated their continued focus on diversity on the Board. The Governance and Nominating Committee and the Board are committed to ensuring that diversity issues continue to play an important role, as has been evidenced by the Board's most recent appointment.

---

<sup>3</sup> "designated groups" means women, Aboriginal peoples, persons with disabilities, and members of visible minorities.

Currently, the number and percentage of directors and nominees who are members of the designated groups are:

Designated Group	Nominated Directors
Women	2/8 (25%)
Aboriginal peoples	0/8 (0%)
Persons with disabilities	0/8 (0%)
Members of visible minorities	1/8 (13%)

The above diversity disclosure relies on voluntary self-identification by directors and therefore represents the information of individuals who have chosen to self-identify. This information has not been independently verified by the Corporation.

## SHARE BASED COMPENSATION PLANS

### Existing Plans and Shares Authorized for Issuance

The Corporation has two share based compensation arrangements pursuant to which Common Shares may be authorized for issuance to eligible participants, being its restricted share unit plan (“**RSU Plan**”) and its director compensation arrangement (“**DCA**”). The RSU Plan and DCA are the only compensation arrangements that have been adopted by the Corporation providing for the issuance of securities as compensation going forward. The RSU Plan and DCA were approved by the Shareholders.

Under the RSU Plan, the Corporation may grant RSUs to eligible directors, employees and consultants of the Corporation and its subsidiaries. Upon vesting, each RSU is redeemed for one Common Share for no additional consideration. 1,244,436 RSUs were granted under the RSU Plan in 2025, representing approximately 0.6% of the number of Common Shares outstanding as at December 31, 2025. 1,683,709 RSUs were outstanding as at April 23, 2026, representing approximately 0.8% of the number of Common Shares outstanding as at that date.

Under the DCA, members of the Board of Directors may elect to receive their annual retainer and other amounts payable for their services on the Board of Directors in the form of Common Shares or cash. A fixed maximum aggregate amount of 600,000 Common Shares are issuable to the directors over the lifetime of the DCA. 20,637 Common Shares were issued to directors under the DCA in 2025, representing 0.01% of the number of Common Shares outstanding as at December 31, 2025. 242,528 Common Shares remain available for issuance under the DCA as at April 23, 2026, representing approximately 0.1% of the number of Common Shares outstanding as at that date.

Additional information concerning the outstanding RSUs and the Common Shares available for issuance under the RSU Plan and DCA as at December 31, 2025, is set out in the table below.

Plan	Number of Common Shares issuable upon exercise	Number of Common Shares remaining available for future issuance <sup>(1)</sup>
RSU Plan	2,523,252	8,024,243
DCA	-	-
<b>Equity compensation plans approved by securityholders</b>	2,523,252	8,024,243
<b>Equity compensation plans not approved by securityholders</b>	Nil	Nil
<b>Total</b>	2,523,252	8,024,243

**Note:**

(1) Under the RSU Plan, the aggregate number of Common Shares which may be issuable upon the redemption of RSUs shall not exceed 5% of the Common Shares of the Corporation, which as at December 31, 2025, equaled 10,547,496 Common Shares. After accounting for the number of RSUs issued and outstanding, as at December 31, 2025, a total of 8,024,243 Common Shares remained available for grant under the RSU Plan. The maximum number of Common Shares available for issuance under the DCA is 600,000, less the number of Common Shares already issued under the DCA.

In addition, the Corporation has adopted a phantom share unit plan ("**PSU Plan**") pursuant to which employees, certain consultants, and other non-executive officers of the Corporation and its subsidiaries may be granted phantom share units ("**PSUs**"). Upon vesting, each PSU is redeemed for a dollar amount equal to the five day volume weighted average trading price of one Common Share prior to each vesting date. The only entitlement available under the PSU Plan to a holder of PSUs is a cash payment and no securities are authorized to be issued under the PSU Plan.

**Terms of the RSU Plan**

The RSU Plan currently allows participants to earn Common Shares of the Corporation over time. Under the RSU Plan, the Corporation may grant RSUs to those directors, employees and consultants of the Corporation that the Board of Directors designates to be eligible to receive a grant based on performance of such person (an "**Eligible Person**") pursuant to an RSU grant agreement (an "**RSU Grant Agreement**").

Under the current RSU Plan, grants of RSUs under the RSU Plan are subject to the following restrictions:

- (a) The aggregate number of Common Shares which may be issuable under the RSU Plan (excluding any other security based compensation arrangement of the Corporation) shall not exceed 5.0% of the issued and outstanding Common Shares as at the date of grant.
- (b) The maximum number of RSUs which may be reserved for issuance to insiders of the Corporation shall be 2.5% of the Common Shares outstanding at the time of the grant (on a non-diluted basis).
- (c) The maximum number of RSUs which may be issued to insiders under the RSU Plan within a one year period shall be 2.5% of the Common Shares issued and outstanding at the time of the issuance (on a non-diluted basis).
- (d) The maximum number of RSUs which may be issued to any one insider and such insider's associates under the RSU Plan within a one-year period shall be 1.0% of the Common Shares outstanding at the time of the issuance (on a non-diluted basis).

- (e) The maximum number of RSUs which may be reserved for issuance to any non-employee director of the Corporation shall be 0.5% of the Common Shares outstanding at the time of grant (on a non-diluted basis) and the aggregate number of Common Shares reserved for issuance to all non-employee directors within a one year period under all security based compensation arrangements of the Corporation shall not exceed 1.0% of the Common Shares outstanding at the time of grant (on a non-diluted basis). In addition, the aggregate value of RSU's reserved for issuance to any non-employee director of the Corporation in any calendar year under the RSU Plan (including all security based compensation arrangements of the Corporation) shall not exceed \$150,000.

The Board approves the number of RSUs to be awarded to each Eligible Person. RSUs awarded to Eligible Persons are credited to an account that is maintained for that Eligible Person on the books of the Corporation.

An Eligible Person's account is credited with additional RSUs to account for dividends on the Common Shares on each dividend payment date in respect of which ordinary course cash dividends are paid on the Common Shares. The number of additional RSUs credited is determined by dividing: (a) the amount obtained by multiplying the amount of the dividend declared and paid per Common Share by the number of RSUs recorded in the Eligible Person's RSU account on the date for the payment of such dividend, by (b) the market value of a Common Share (as defined in the RSU Plan) as at the dividend payment date.

The granting of RSUs to any Eligible Person under the RSU Plan in any calendar year, unless otherwise stated in the applicable RSU Grant Agreement, is awarded solely in respect of performance of such Eligible Person in the same calendar year of the grant (in each case, the "**Service Year**"). The RSU Plan provides that the vesting schedule of RSUs is determined by the Board of Directors, in its discretion, for each grant as set out in the RSU Grant Agreement. If no vesting schedule is set forth in the RSU Grant Agreement, one-third of the total number of Restricted Share Units granted in such agreement shall Vest upon the Eligible Person remaining employed by the Company on each of the first, second, and third anniversaries of the applicable grant date, unless earlier forfeited pursuant to the terms of the RSU Plan. The maximum term for an RSU grant is December 31 of the third calendar year following the Service Year.

Upon vesting, each RSU is redeemed as soon as reasonably practicable for one Common Share issued from treasury for no additional consideration, provided however that the Corporation, at its discretion, may elect to settle RSUs for an equivalent cash amount.

Under the RSU Plan, if an Eligible Person resigns from employment with the Corporation before the Vesting Date (as defined in the RSU Plan and RSU Grant Agreement, as applicable), the Eligible Person shall forfeit all rights, title and interest in the RSUs granted to such Eligible Person which have not vested prior to the earlier of: (i) the date of delivery of the notice of resignation; and (ii) the effective date of the resignation. If an Eligible Person's employment with the Corporation is terminated for Cause (as defined in the RSU Plan and is based on the legal definition of Cause in the jurisdiction in which such person is employed) before the Vesting Date, the Eligible Person shall forfeit all rights, title and interest in the RSUs for which the Vesting Date is on or after the date notice of termination is delivered to the Eligible Person.

If an Eligible Person's employment is terminated for reasons other than resignation or Cause before the Vesting Date of the Eligible Person's Restricted Share Units, any unvested RSUs held by such Eligible Person shall vest pro-rata on the Eligible Person's Termination Date based on the number of completed months of active service or employment between the Grant Date and the Vesting Date of such RSUs Units. Such vested RSUs will be payable in cash based on the Market Value (as defined in the RSU Plan) of the Common Shares for the period ending on the date such Eligible Person's employment ceased with the Corporation. Upon the death of an Eligible Person, any unvested RSUs held by such Eligible Person shall vest, and the Corporation shall redeem all vested RSUs credited to the Eligible Person's account

and all such amounts shall be transferred or paid to the legal representatives of the estate of such Eligible Person.

If a take-over bid (that is not exempt from the take-over bid requirements of the *Securities Act* (Alberta) or Multilateral Instrument 62-104 — *Take-Over Bids and Issuer Bids*) is made for the Common Shares, or if the Corporation is merged into or amalgamated with any other entity, or the Corporation sells all or substantially all of its assets, the Corporation shall redeem all of the RSUs granted to Eligible Persons and outstanding under the RSU Plan for a cash payment per RSU equal to the greater of the market value of a Common Share (as defined in the RSU Plan) or the price paid for the Common Shares under the change of control.

The RSU Plan provides that appropriate adjustments in the number of Common Shares subject to the RSU Plan and issuable upon the vesting of an RSU shall be made by the Board of Directors to give effect to adjustments in the number of Common Shares resulting from any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off, or other distribution (other than normal cash dividends) of the Corporation's assets to its shareholders.

RSUs are not assignable or transferable other than by will or the laws of descent and distribution.

The Board of Directors may suspend, discontinue or amend the RSU Plan or any award made pursuant thereto without the approval of a majority of the voting securityholders of the Corporation, excepting that, unless the proposed amendment results from a change of control as described in the RSU Plan, such securityholder approval is required in order to make the following amendments: (i) increase in the number of Common Shares, or the percentage of the issued and outstanding Common Shares, issuable pursuant to the RSU Plan; (ii) extend the redemption date of any award granted under the RSU Plan; (iii) materially modify the eligibility requirements for participation in the RSU Plan; (iv) amend the limitations on the maximum number of Common Shares reserved or issued to insiders; (v) amend the limitations under the RSU Plan with respect to RSUs that may be granted to non-employee directors; (vi) amend the restriction under the RSU Plan on the transfer of RSUs to permit a holder to transfer any RSUs to a new beneficial holder other than for estate settlement purposes or (vii) amend the amendment provision of the RSU Plan.

Effective March 14, 2025, the Board of Directors approved certain amendments to the RSU Plan (the "**Amendments**") to, among other things: (i) remove provisions allowing for the continued vesting of RSUs in the event an Eligible Person retires or becomes permanently disabled; (ii) confirm the Board of Director's discretion to accelerate vesting of some or all of an Eligible Person's RSUs; and (iii) added certain clarifying provisions specifically in respect of Eligible Persons who are citizens of the United States or considered a United States resident as classified under the US Internal Revenue Code of 1986. The Amendments were not of a nature identified in the enumerated list in the preceding paragraph and accordingly, such Amendments are permitted without the approval of a majority of the securityholders of the Corporation. A copy of the amended RSU Plan was attached to the Corporation's Information Circular and Proxy Statement dated May 8, 2025, available on the Corporation's website or on the Corporation's SEDAR+ profile at [www.sedarplus.ca](http://www.sedarplus.ca).

The rules of the TSX provide that an issuer must obtain securityholder approval of all unallocated options, rights or other entitlements under any security-based compensation arrangements that do not have a fixed maximum aggregate of securities issuable every three years after the institution of any such compensation arrangement. The unallocated RSUs under the RSU Plan were last approved by the Shareholders in June 2023 and are required to be re-approved by the Shareholders at the Meeting.

### **Terms of the DCA**

Under the DCA members of the Board of Directors may elect to receive their annual retainer and other amounts payable for their services on the Board of Directors in the form of Common Shares or cash. If a

director elects to receive any portion of his or her annual retainer or other remuneration in the form of Common Shares, the number of Common Shares to be issued will be determined net of withholding taxes and based on the five day volume weighted average trading price of Common Shares prior to each payment date, subject to the Corporation's trading policy. Directors of the Corporation are paid quarterly. In addition, the Board of Directors may, at any time, amend or terminate the terms and conditions of the DCA by resolution of the Board of the Directors without Shareholder approval, subject to the policies of the TSX (or any other applicable stock exchange from time to time) and applicable laws.

The DCA has a fixed maximum aggregate amount of 600,000 Common Shares reserved and issuable to the Board of Directors. 242,528 Common Shares remain available for issuance under the DCA as at April 23, 2026, representing approximately 0.1% of the number of Common Shares outstanding as at that date.

### Annual Burn Rate for RSU Plan and DCA

The annual burn rate for the RSU Plan and DCA for the last three fiscal years is set out in the table below:

Plan	For the Year Ended		
	December 31, 2023	December 31, 2024	December 31, 2025
RSU Plan <sup>(1)</sup>	1.3%	1.1%	0.6%
DCA	0.024%	0.014%	0.009%

**Note:**

(1) The total number of RSUs granted for each fiscal year was as follows: 2025: 1,244,436; 2024: 2,637,430; and 2023: 3,279,159.

The annual burn rate for the RSU Plan and DCA set out above is calculated by (i) dividing the number of securities granted under the RSU Plan or DCA, as applicable, during the applicable year by (ii) the weighted average number of securities outstanding for the applicable year. The weighted average number of securities is the number of securities outstanding at the beginning of the period, adjusted by the number of securities bought back or issued during the period multiplied by a time-weighting factor. The time-weighting factor is the number of days that the securities are outstanding as a proportion of the total number of days in the period.

For the period ending December 31, 2025, the Corporation had the following five Named Executive Officers: (a) Kenneth E. Zinger - President and CEO; (b) Anthony M. ## Compensation Discussion and Analysis

### *Introduction*

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's philosophy, objectives, methodology and processes regarding compensation for the Named Executive Officers.

The Corporation strives to achieve the following with its total compensation program:

- align total compensation with Shareholder interests and returns;
- be viewed as an employer of choice that attracts, retains and motivates skilled and valued employees;
- minimize turnover related to compensation issues;
- reward individual and corporate contribution and team performance;
- provide employees with the opportunity to earn up to or beyond the typical target positioning for high achieving employees whose performance exceeds the objectives for the year;
- balance a proportion of fixed versus variable compensation to be competitive with typical practice among peers; and
- enhance a performance culture by aligning pay with performance under the Corporation's short-term incentive plan ("**STIP**"), long-term incentive plan ("**LTIP**"), and other performance based bonus plans applicable to specific business units of the Corporation.

### *Compensation Committee*

To assist the Board of Directors in fulfilling its oversight responsibilities with respect to human resource policies and executive management compensation, the Board of Directors has established the Compensation Committee comprised of three (3) independent directors: Messrs. Hooks (Chair), Kitagawa and Armour. Messrs. Hooks, Kitagawa and Armour have served as executive officers of other corporations and, as such, have experience in decision-making related to compensation policies and practices. In addition, Mr. Hooks has served on the compensation committee of another public issuer.

The Compensation Committee is responsible for reviewing the Corporation's overall compensation policies and guidelines and its objectives related to executive compensation. It is mandated, among other things, to:

- (a) consider and recommend to the Board, on an annual basis, the Corporation's general compensation policies and guidelines;
- (b) determine that such policies and guidelines are aligned with CES' values and mission and will attract, retain and motivate the selected personnel;
- (c) determine that the compensation of directors realistically reflects the responsibilities and risks involved in being an effective director;
- (d) consider and recommend to the Board annual compensation budgets;

- (e) consider and recommend to the Board various benefit plans, bonus and incentive plans, and share option and other medium or long-term incentive plans and to oversee the administration and assess the effectiveness and appropriateness of the foregoing;
- (f) make recommendations to the Board with respect to the CEO's compensation and entitlement to bonuses in light of the CEO's annual performance and in light of the criteria proposed by the Compensation Committee and adopted by the Board; and
- (g) propose to the Board criteria for assessing the performance of senior management and assessing their performance in accordance with evaluation processes established by the Board.

The Compensation Committee has the authority to engage advisors to assist it in making determinations as to appropriate compensation levels throughout the organization and compensation program design. The Compensation Committee receives recommendations respecting compensation from the CEO for the other NEOs and takes such recommendations into consideration when making its determinations.

The Compensation Committee also makes executive compensation decisions for the Core NEO's, based on an annual review and analysis of: (a) management's overall performance, as evidenced by the achievement of corporate and individual goals; (b) Adjusted EBITDAC (as such term is defined in the Corporation's Annual Report dated March 10, 2026), Total Shareholder Return ("**TSR**"), Return on Capital Employed ("**ROCE**"), HSE, environmental, social and governance ("**ESG**") metrics; (c) free cash flow generation metrics; (d) cash conversion cycle metrics; (e) management of the Corporation's gross capital expenditures ("**Capex**"), balance sheet and liquidity; (f) relative performance of the Corporation's securities including the Common Shares; (g) industry conditions; and (h) executive compensation of peer group members.

*Compensation Consultants*

The table below summarizes the fees paid by the Corporation to Meridian Compensation Partners ("**Meridian**") related to determining compensation and compensation program design for the Corporation's NEOs ("**Executive Compensation Related Fees**") and the fees paid by the Corporation to compensation consultants for other services ("**All Other Fees**") for the financial years ended December 31, 2024 and 2025.

	<b>2024</b>	<b>2025</b>
Executive Compensation Related Fees	\$10,032	\$12,860
All Other Fees	Nil	Nil

The fees disclosed above related to compensation program design, review and recommendations regarding peer groups, and other related matters for the 2025 compensation program. No compensation consultants were retained to provide services related to the 2026 compensation program.

*Compensation Program Design*

The Corporation's compensation program is designed to reward performance that contributes to the achievement of CES' business strategy on both a short-term and long-term basis. Additionally, the Corporation strives to reward qualities that it believes help achieve its strategy such as teamwork, individual performance, responsibility, accountability and tenure with CES.

The Corporation believes that its compensation program incorporates various measures designed to mitigate any incentive for its executives or other key employees to take, or be rewarded for, excessive or inappropriate risks. The following are examples of such measures:

- the Corporation’s compensation program consists of both fixed and variable compensation, with a significant portion of compensation being “at risk” and based on performance;
- under the Corporation’s STIP for 2025 and 2026, Core NEOs may be awarded cash (or, in the discretion of the Compensation Committee and the Board, a portion of such award may be made in short vesting RSUs) if certain metrics relating to the performance of the Corporation over the course of the year are satisfied. The STIP metrics are discussed in more detail below. The Compensation Committee along with the Board will evaluate the performance of the Corporation as it relates to these metrics in the context of market and industry conditions. If these metrics are satisfied, the Board, on the recommendation of the Compensation Committee will grant a cash award (or short vesting RSUs, as applicable) to Core NEOs upon the conclusion of the respective financial year;
- under the Corporation’s LTIP, Core NEOs may be awarded RSUs if certain performance-based criteria recommended by the Compensation Committee and approved by the Board are satisfied. The LTIP metrics are discussed in more detail below. If the performance-based criteria are satisfied under the LTIP, the Board, on the recommendation of the Compensation Committee may then approve the grant of RSUs. For 2025 and 2026 such RSUs granted will consist of RSUs which vest on a one third basis over a three-year period from the date of grant;
- subject to the maximum award amounts established by the Compensation Committee on an annual basis, the variable compensation under the Corporation’s STIP and LTIP are tied to performance-based factors which must be satisfied before any such grants are awarded. These performance measures are intended to align the interests of Shareholders and the Corporation as a whole with the interests of the Core NEOs;
- the Corporation has adopted Core NEO and non-executive director share ownership guidelines to align the long-term interests of executive officers and non-executive directors and the Shareholders by requiring such persons to maintain significant direct ownership of the Common Shares;
- as described in further detail below under the heading “*Clawback Policy*”, the Corporation has adopted an incentive compensation clawback policy to ensure NEOs must repay the Corporation in the event of the restatement of financial statements as a result of intentional misconduct; and
- NEOs, directors, officers, consultants and employees of the Corporation are not permitted to purchase any financial instrument that is designed to hedge or offset a decrease in market value of the Common Shares. CES’ insider trading policy prohibits speculation in securities of the Corporation, buying the Corporation’s securities on margin, short-selling a security of the Corporation or any other arrangement that results in a gain only if the value of the Corporation’s securities declines in the future, buying a put option and selling a call option. The insider trading policy requires the Corporation to pre-clear certain trades of its securities by executives or other key employees.

#### *Clawback Policy*

The Corporation adopted an incentive compensation clawback policy to require reimbursement of any cash or equity-based incentive payment to any executive officer where:

- the payment was predicated upon achieving certain financial results that were subsequently the subject of a substantial restatement of the Corporation’s financial statements;
- the Board determines such individual engaged in intentional misconduct that caused or substantially caused the need for the substantial restatement; and

- a lower payment would have been made to such individual based upon the restated financial results.

In each such instance, CES will, to the extent practicable, seek to recover from the individual the amount by which the individual's cash or equity based incentive payments for the relevant period exceeded the lower payment that would have been made based on the restated financial results.

### *Elements of Compensation*

The Corporation's compensation program for Core NEOs for 2025 was comprised of four elements, namely: (a) base salary; (b) performance based short-term incentives paid in cash and RSUs vesting quarterly over a one year period; (c) performance based long-term incentives (RSUs vesting in thirds over a three year period); and (d) benefits. The Board and the Compensation Committee believe that properly allocating these pay components so that a portion of compensation is "at risk" is critical in motivating executives to carry out CES' strategy and ensuring that the interests of management are aligned with the interests of the Corporation's Shareholders.

For 2025, the Corporation's performance based short-term incentive plan for Core NEOs was concentrated on metrics focused on protecting the balance sheet of the Corporation and the Corporation's relative performance compared to its peers. These metrics include: (a) maximizing Adjusted EBITDAC in the context of current industry conditions, (b) return on capital employed; (c) improving the Corporation's cash conversion cycle; (d) balance sheet management; and (e) HSE performance (collectively, the "**2025 Short Term Metrics**").

Under the Corporation's performance based long-term incentive plan for 2025, Core NEO's were awarded RSUs that vest in thirds over a three-year period if the Core NEO's satisfy certain performance criteria including relative TSR, relative ROCE, HSE performance, and ESG initiatives (collectively, the "**Long Term Metrics**").

For the US DF President for 2025, the compensation program is comprised of four elements, namely: (a) base salary; (b) performance based short-term incentives paid in cash (the "**US DF Cash Component**"); (c) performance based grants of RSUs that vest in thirds over a three-year period (the "**US DF RSU Component**", and together with the US DF Cash Component, the "**US DF Annual Bonus**"); and (d) benefits. The US DF Annual Bonus is a sliding scale percentage formula based on the EBITDAC generated by AES with 70% comprising the US DF Cash Component and 30% comprising the US DF RSU Component. For 2026, the Compensation Committee and CEO have determined that the US DF President will participate in the Core NEO STIP and LTIP.

For the PureChem President, the compensation program is comprised of four elements, namely: (a) base salary; (b) performance based short-term incentives paid in cash (the "**PureChem Quarterly Bonus**"); (c) discretionary grants of RSUs that vest in thirds over a three-year period if the PureChem President satisfies certain performance criteria as determined by the CEO and the Board of Directors; and (d) benefits. The PureChem Quarterly Bonus for the PureChem President is a sliding scale percentage formula based on adjusted EBITDAC attributable to PureChem in each respective quarter period. The PureChem Quarterly Bonus is paid on a quarterly basis after each respective quarter.

Annual awards to Core NEOs and the US DF Annual Bonus must be recommended by the Compensation Committee and approved by the Board. The annual awards and US DF Annual Bonus are only payable after the Board has approved CES' year end results. The PureChem Quarterly Bonus is determined following the end of each respective quarter and such results are approved by the CEO and CFO. For more information about the Corporation's short-term and long-term incentive plan, including anticipated changes for 2026, see "*Short-Term Incentive Plan*" and "*Long-Term Incentive Plan*" below.

The following is an overview of the four elements of CES' compensation program for NEOs for 2025:

	Total Direct Compensation			Indirect Compensation
Program	Base Salary	Short-Term Incentives	Long-Term Incentives	Group Benefit and Perquisite Programs
Purpose	Compensates executives for leadership, management and operational skills and the degree of accountability inherent in their roles	Cash bonuses and RSUs vesting quarterly over one year if Short Term Metrics are satisfied.	Grants of RSUs if Long Term Metrics are satisfied. The performance based long-term incentive plan links the interests of executives and Shareholders by rewarding executives for creating sustained Shareholder value in the long term. RSUs vest on the basis of one third each year over a three-year period from the date of grant.	Invests in employee health and well-being
Performance Period		1 Year	3 Years	
		At Risk	At Risk	

The following chart outlines the total direct compensation break-down amongst the above-noted compensation categories for the year ended December 31, 2025, for NEOs.

### *Peer Group Comparisons*

The Compensation Committee, with input from Management and Meridian, identified a compensation peer group to assist in the evaluation of the appropriate overall level and form of employee compensation. The 2025 Compensation Peer Group consists of companies that have similar business characteristics and management responsibilities as the Corporation, including revenue, market capitalization, enterprise value, geographic exposure, and end market similarities. For 2025, the Compensation Peer Group was expanded to incorporate additional US based companies in light of the Corporation's significant presence in the United States.

#### **2025 Compensation Peer Group**

---

Ashland Global Holdings Inc.	Expro Group Holdings N.V.
Cabot Corporation	Helmerich & Payne, Inc.
ChampionX Corporation	Patterson-UTI Energy, Inc.
The Chemours Company	ProPetro Holding Corp.
Chemtrade Logistics Inc.	Tetra Technologies Inc.
Core Laboratories N.V.	Weatherford International PLC

For 2026, the Compensation Committee approved modifications to the Compensation Peer Group as follows:

#### **2026 Compensation Peer Group**

---

Ashland Global Holdings Inc.	Helmerich & Payne, Inc.
Cabot Corporation	Patterson-UTI Energy, Inc.
The Chemours Company	Precision Drilling Corporation
Chemtrade Logistics Inc.	ProPetro Holding Corp.
Core Laboratories N.V.	Tetra Technologies Inc.
Enerflex Ltd.	Weatherford International PLC
Expro Group Holdings N.V.	

The Compensation Committee analyzes public information available with respect to each peer group member listed above and compares the compensation paid to particular peer executives with executives of the Corporation.

In addition, the Compensation Committee and Management have identified a peer group for the purposes of evaluating the Corporation's relative financial performance on metrics including TSR and ROCE (the "**Performance Peer Group**"). The Performance Peer Group set out below includes companies that are commonly compared to the Corporation by research and investor communities as well as certain US based corporations that the Corporation has deemed relevant:

**2025 Performance Peer Group**

ChampionX Corporation	Patterson-UTI Energy, Inc.
Enerflex Ltd.	Precision Drilling Corporation
Helmerich & Payne, Inc.	Tetra Technologies Inc.
Pason Systems Inc.	Trican Well Service Ltd.
PHX Energy Services Corp.	Weatherford International PLC

For 2026, the Compensation Committee has approved changes to the Performance Peer Group as follows:

**2026 Performance Peer Group**

Enerflex Ltd.	Precision Drilling Corporation
Helmerich & Payne, Inc.	Tetra Technologies Inc.
Pason Systems Inc.	Trican Well Service Ltd.
PHX Energy Services Corp.	Weatherford International PLC

*Overall Compensation*

Recommendations to the Board of Directors in respect of executive compensation for the Core NEOs, are the responsibility of the Compensation Committee. The Compensation Committee uses all appropriate data available to it and may determine, from time to time, to engage a compensation consultant to assist in reviewing, updating and improving the Corporation's compensation program, to ensure that the Corporation is maintaining a level of compensation that is both commensurate with the size of the Corporation and sufficient to retain personnel it considers essential to the success of the Corporation. The Compensation Committee assesses the performance of Core NEOs with respect to the performance based objectives described below under the headings "*Short-Term Incentive Plan*" and "*Long-Term Incentive Plan*" to determine if such Core NEOs are eligible for awards under the Corporation's short-term incentive plan and long-term incentive plan.

The Compensation Committee also reviewed the overall structure of the US DF Annual Bonus and PureChem Quarterly Bonus, and will continue to have oversight to ensure that this compensation plan is achieving its desired incentives on a go forward basis.

*Base Salaries*

The Corporation pays base salaries in amounts intended to: (a) recognize each NEO's unique value and historical contribution to the success of the Corporation; (b) match competitors' salaries for executive talent; (c) provide NEOs with sufficient, regularly paid income; and (d) reflect each NEO's position and level of responsibility.

The Compensation Committee reviews base salaries for the Core NEOs annually to determine if changes are warranted. In reviewing base salaries, the Compensation Committee considers a number of factors, including:

- general market and industry conditions and the operating environment for the Corporation;
- operational and financial results of the Corporation;
- a comparison to base salaries paid for comparable positions in the compensation peer group (base salaries and total compensation are targeted at the peer group median for median performance); and
- the relationship among base salaries paid by the Corporation and individual experience and contribution.

For 2026, the Compensation Committee and the Board of Directors approved increases to the base salaries for each of the Core NEO's, in alignment with compensation levels reflected in the Compensation Peer Group, as follows:

Name and Position	2025 Base Salary	2026 Base Salary
<b>Kenneth E. Zinger</b> President & Chief Executive Officer	\$770,000	\$850,000
<b>Anthony M. Aulicino</b> Executive VP & Chief Financial Officer	\$577,500	\$650,000
<b>Vernon J. Disney</b> President, US Production Chemicals	\$577,500	\$650,000
<b>James F. Strickland</b> President, US Drilling Fluids	\$450,000	\$650,000 <sup>(1)</sup>

**Note:**

- (1) Mr. Strickland's base salary was increased in January 2026 to \$577,500 consistent with the US Production Chemicals President and CFO. The Compensation Committee and Board of Directors then subsequently approved increases to the base salaries of all of the Core NEO's as shown in the table above.

*Short-Term Incentive Plan*

The Corporation maintains a STIP for Core NEOs as part of its compensation program. For 2025 and 2026, the STIP was comprised of the following 5 metrics: (a) maximizing adjusted EBITDAC in the context of industry conditions; (b) return on capital employed relative to Performance Peer Group; (c) maximizing free cash flow; (d) balance sheet management to improve liquidity, support the Company's current and foreseeable business needs, and, to the extent possible, reduce Total Debt of the Corporation; and (e) HSE performance relating to initiatives to improve safety of the Corporation's commercial vehicle fleet including implementation of vehicle tracking and safety systems, along with leading and lagging indicator metrics relating to vehicle safety statistics.

For 2025, the target multiplier for the STIP award was 3.15 times base salary (the "**STIP Target**") and was originally designed to be paid entirely in cash. The maximum multiplier that may be achieved under the short-term incentive plan was 2.1 times the 2025 STIP Target, being 6.61 times or 661% of a Core NEO's base salary for 2025. The STIP Target remains unchanged for 2026.

For the financial year ended December 31, 2025, the Corporation recorded \$404.6 million in Adjusted EBITDAC and Adjusted EBITDAC Margin of 16.2% achieving significant outperformance in the context of reduced industry activity and rig counts. Contributing to the outperformance was improving margins and substantial new business awarded, which was recognized by the market with an increase to the Corporation's multiple and resulted in approximately \$620.0 million in additional market capitalization due to multiple expansion in 2025.

With respect to the Corporation's balance sheet, on April 28, 2025, the Corporation amended and extended its syndicated and operating credit facilities (the "**Senior Facility**") and increased the size of the

Senior Facility by \$100.0 million for a total facility size of approximately \$550.0 million. In addition, on October 23, 2025 the Corporation completed the private placement of an additional \$75.0 million in senior unsecured notes (the "**Additional Notes**") to its previously issued 6.875% senior notes due on May 24, 2029 (the "**Senior Notes**"). The Additional Notes were issued at a price of 103.125% of their face value (plus accrued interest from May 24, 2025, to, but excluding the date of the closing of the Additional Notes offering), with a yield to worst of 5.559%. The Company used the proceeds from the issuance of the Additional Notes to repay outstanding indebtedness under the Senior Facility and for general Corporate purposes.

In 2025 the Corporation also saw upgrades from both Standard & Poor's ("**S&P**") and DBRS Limited ("**DBRS**") in respect of its Corporate Credit Rating and the Credit Rating in respect of the Senior Notes. S&P increased its Corporate Credit Rating and Long-Term Issue Ratings for the Senior Notes from B to B+, and DBRS increased its ratings from B (High) to BB (Low) for both ratings.

The Corporation returned \$172.5 million to shareholders through the Corporation's normal course issuer bid and quarterly dividend, and with increased investments in working capital to reflect the higher run rate revenue of the Corporation, Total Debt (as defined in the Corporation's Annual Report dated March 10, 2026) increased slightly from \$452.6 million at December 31, 2024, to \$496.6 million at December 31, 2025.

Based on the foregoing, the Compensation Committee determined that the Corporation's 2025 Short Term Metrics exceeded anticipated expectations by a significant margin. Although the 2025 maximum multiplier for the STIP Target was originally set at 6.61 times, the Compensation Committee determined that the STIP multiplier would be 7.15 times the 2025 Salary for each Core NEO, as reflected by the amounts paid under the heading "*Summary Compensation Table*" below. The Compensation Committee determined it was appropriate to use discretion to reward the Core NEOs in excess of the maximum multiplier set previously due to the significant out performance of financial results versus internal and external expectations in addition to peer leading value creation during 2025.

In light of the increase in STIP compensation beyond the maximum multiplier, the Compensation Committee and Board determined that it would pay the amounts in excess of the maximum multiplier in RSUs vesting quarterly over a one year period, with the remaining STIP award paid in cash.

#### *Long-Term Incentive Plan*

The Corporation also maintains a performance based LTIP for the Core NEOs. To be eligible for an award under the LTIP, the Corporation and the Core NEOs must satisfy certain performance-based criteria recommended by the Compensation Committee and approved by the Board on an annual basis.

For 2025, the Board, on the recommendation of the Compensation Committee, established the following performance-based criteria for the Corporation for Core NEOs to be eligible for awards under the long-term incentive plan:

- **Total Shareholder Return**, relative to the Performance Peer Group. The Compensation Committee and the Board evaluated the relative TSR for the Corporation by calculating, on a quarterly basis, the Corporation's ranking compared to the Performance Peer Group as follows:

<b>TSR Percentile Ranking</b>	<b>Target Multiplier (Expressed as a % of Base Salary)<sup>(1)</sup></b>
Less than 25%	0
25%	50
50% (median)	100
75% or greater	200

**Note:**

(1) For every percentile increase that the Corporation achieves relative to the Performance Peer Group: (a) between the 25<sup>th</sup> and 50<sup>th</sup> percentile, the target multiplier will increase by 2%; and (b) between the 50<sup>th</sup> and 75<sup>th</sup> percentile, the target multiplier will increase by 4%.

- **Return on Capital Employed**, relative to the Performance Peer Group. The Compensation Committee and the Board evaluated the relative ROCE for the Corporation by calculating, on a trailing three year basis, the Corporation’s ranking compared to the Performance Peer Group as follows:

Percentile Ranking	Target Multiplier (Expressed as a % of Base Salary) <sup>(1)</sup>
Less than 25%	0
25%	50
50% (median)	100
75% or greater	200

**Note:**

(1) For every percentile increase that the Corporation achieves relative to the Performance Peer Group: (a) between the 25<sup>th</sup> and 50<sup>th</sup> percentile, the target multiplier will increase by 2%; and (b) between the 50<sup>th</sup> and 75<sup>th</sup> percentile, the target multiplier will increase by 4%.

- **HSE Performance**, including Core NEOs’ achievements regarding: (a) Total Recordable Incident Rate (“**TRIR**”) and (b) Lost Time Frequency Rate (“**LTF**”); and
- **ESG**, as determined by, among other things: (a) progress on developing, implementing and tracking certain ESG metrics; (b) positioning the Corporation to be compliant with anticipated ESG related disclosure requirements; (c) asset management processes; (d) external rating agency rankings and surveys; (e) internal controls; (f) adherence to good governance practices; (g) legislative compliance; and (h) risk mitigation.

The following chart outlines the weighting of each of the above criteria for 2025 and 2026 along with the corresponding vesting schedule in respect of RSUs granted under the long-term incentive plan:

Performance Criteria	Weighting	Vesting Schedule
TSR	30%	1/3 Per Year
ROCE	30%	1/3 Per Year
HSE	30%	1/3 Per Year
ESG	10%	1/3 Per Year

For 2025, the targeted long-term incentive award for each Core NEO was 1.35 times or 135% of the 2025 Salary (the “**LTIP Target**”) with actual awards ranging from zero to a maximum of 2.0 times the targeted award percentage or a maximum of 270% of a Core NEO’s base salary. The LTIP Target remains unchanged for 2026.

The Compensation Committee used specific metrics relating to TRIR and LTF to measure HSE Performance. TRIR is an industry standard metric which measures the frequency of recordable incidents (fatalities, lost time, restricted or modified duties, or medical treatment), and LTF provides context regarding the relative severity of recordable incidents. TRIR represents 75% of the HSE Performance metric, and LTF represents the remaining 25%. Both TRIR and LTF are calculated as weighted averages as it relates to CES’ divisions and subsidiaries.

For 2025, The TRIR required to achieve 100% of the TRIR component of HSE Performance was less than or equal to 0.85 recordable incidents per 200,000 hours worked. A TRIR above 1.12 would result in 0% of the TRIR component being paid, and a TRIR below 0.55 would result in a maximum of 200% of the

TRIR component being paid. In 2025, the TRIR for the Corporation was 0.63, resulting in 170% of the TRIR component being paid.

The LTF required to achieve 100% of the LTF component of HSE Performance metric was a rate of less than or equal to 0.18 measured by the number of injuries which resulted in an employee being unable to perform their duties on the day or shift following the date of incident per 200,000 hours worked. An LTF above 0.35 would result in 0% of the LTF component being paid, and an LTF below 0.15 would result in a maximum of 200% of the LTF component being paid. In 2025, the LTF for the Corporation was 0.18 resulting in 100% of the LTF component being paid.

Based on the foregoing LTF and TRIR results, along with the Corporation achieving a relative TSR of 44.3%, relative ROCE of 66.7% and the Compensation Committee determining that the Core NEO's satisfied the ESG LTIP Target, the Core NEO's LTIP multiplier was set at 1.89 times the 2025 Salary for each Core NEO, payable in RSUs vesting in thirds annually, as reflected by the amounts paid under the heading "*Summary Compensation Table*" below.

RSUs awarded to the Core NEOs by the Board, on the recommendation of the Compensation Committee, in respect of the 2025 long-term incentive award will all vest on a one third basis over a three-year period ending on December 31, 2029, and are anticipated to be settled in shares upon vesting. RSUs are only issued to NEOs who continue to perform their duties in the year in which such RSUs are granted.

With respect to HSE metrics, for 2026, the TRIR required to achieve 100% of the TRIR component of HSE Performance will be less than or equal to 0.75 recordable incidents per 200,000 hours worked. A TRIR above 1.00 will result in 0% of the TRIR component being paid, and a TRIR below 0.53 will result in a maximum of 200% of the TRIR component being paid.

The LTF target will remain consistent for 2026, however the upper threshold where 0% of the LTF component is paid has been reduced from 0.35 in 2025 to 0.30 per 200,000 hours worked for 2026. An LTF below 0.15 will continue to result in a maximum of 200% of the LTF component being paid.

Linear scaling will be used to calculate the TRIR and LTF multiplier between 0% and each respective maximum multiplier.

The LTIP Target and maximum amounts payable thereunder remain unchanged for 2026. This will result in a target ratio of 70/30 for the 2026 STIP Target and 2026 LTIP Target respectively, for a total of 4.5 times base salary for the short-term and long-term incentive plans collectively.

The Compensation Committee and the Board do not consider previous grants when considering new grants. If the Compensation Committee and the Board are satisfied that the performance criteria set out above under the LTIP are met, the Board will approve the award of RSUs to the Core NEOs provided that the recipient continues to perform in a consistent manner in the year in which such RSUs are awarded. For clarity, under the LTIP, the performance criteria set out above must first be achieved prior to Board approval of the award of RSUs.

## *Benefits*

CES supports a traditional employee benefit plan consisting of health and dental care and various forms of life and disability insurance. The NEOs are eligible to participate in the same benefits as are offered to all full-time employees. The Corporation does not view these benefits as a significant element of its compensation structure, but does believe that they can be used in conjunction with base salary to attract, motivate and retain individuals in a competitive environment.

## *US DF Annual Bonus*

In addition to the US DF President's base salary, Mr. Strickland is eligible to receive the US DF Annual Bonus based on the AES' financial performance during each fiscal year. The US DF Annual Bonus is a sliding scale percentage formula based on the EBITDAC generated by AES with 70% comprising the US DF Cash Component and 30% comprising the US DF RSU Component. The US DF RSU Component consists of RSUs, vesting in thirds over a three year period, provided that the US DF President continues to perform and provide services for the Corporation in the year in which such RSUs are awarded.

For 2026, the Board of Directors on recommendation from the Compensation Committee approved Mr. Strickland to be eligible to join the Core NEO executive compensation program. As such, Mr. Strickland's compensation will be determined using the same formula as the other Core NEO's for the 2026 financial year.

The amounts paid to Mr. Strickland for the previous three years is disclosed below under "*Summary Compensation Table*".

## *PureChem Quarterly Bonus and Long Term Compensation*

In addition to the PureChem President's base salary, Mr. Burroughs is eligible to receive the PureChem Quarterly Bonus based on PureChem's financial performance during each fiscal year. The PureChem Quarterly Bonus provides for a bonus pool based on the satisfaction of certain adjusted EBITDAC amounts, which is then allocated between the PureChem President and employees of PureChem. The PureChem Quarterly Bonus is paid in cash on a quarterly basis following each respective quarter. In addition, the PureChem President may be eligible for a discretionary grant of RSUs, vesting in thirds over a three-year period if the PureChem President satisfies certain long-term performance criteria as determined by the CEO and the Board of Directors from time to time.

## *Compensation of the President and Chief Executive Officer*

Mr. Zinger's annual compensation, long-term compensation and other compensation are disclosed below under "*Summary Compensation Table*". Mr. Zinger currently significantly exceeds the amount of ownership required under the Corporation's share ownership requirements. See "*Executive Share Ownership Requirements*".

## *Executive Share Ownership Requirements*

To align executive and shareholder interests, the CEO, CFO, US Production Chemicals President and US DF President, must meet minimum share ownership requirements. The minimum share ownership requirements reflect the executive's compensation and position and may be satisfied through holdings of Common Shares and RSUs. Newly appointed executives have three years to meet the share ownership requirements.

The Corporation currently does not have minimum share ownership requirements for the PureChem President. The Compensation Committee will reevaluate this requirement during its annual review of the compensation practices of the Corporation.

The table below summarizes the minimum ownership requirements by level:

EXECUTIVE LEVEL	MINIMUM OWNERSHIP REQUIREMENT
CEO	Six (6x) times annual base salary
CFO	Five (5x) times annual base salary
US Production Chemicals President	Three (3x) times annual base salary
US DF President	Three (3x) times annual base salary

The following table sets out the NEOs share ownership as against the foregoing minimum share ownership guidelines:

NAME	SHARE OWNERSHIP GUIDELINES	SHARE OWNERSHIP OF NEOs AT DECEMBER 31, 2025			TOTAL OWNERSHIP MULTIPLE OF SALARY	REQUIREMENT MET (✓) OR VALUE (\$) REQUIRED TO MEET REQUIREMENT

- (3) Mr. Burroughs is not required to meet specific minimum share ownership requirements at this time.

**Performance Graph**

The following graph illustrates changes from December 31, 2020, to December 31, 2025, in the cumulative Shareholder return, assuming an initial \$100 investment in the Common Shares with all cash distributions reinvested at the payment date of such distributions, compared to the cumulative return of the S&P/TSX Composite Index and the Oil & Gas Equipment & Services Index.

### Performance and Shareholder Return

The trend shown in the above graph does not necessarily correspond to CES' compensation to its Core NEOs for the period ended December 31, 2025, or for any prior fiscal periods. The Corporation's executive compensation is reviewed annually and is set by the Board of Directors upon the recommendation of the Compensation Committee. In connection with its determination of appropriate levels of compensation, the Compensation Committee and the Board consider a number of factors, all of which are discussed above under "Executive Compensation – Compensation Discussion and Analysis".

Beginning in 2019, the Compensation Committee and the Board have incorporated relative TSR as a component of the Corporation's long-term incentive plan which is further discussed under the heading "Executive Compensation – Compensation Discussion and Analysis – Long Term Incentive Plan".

The trading price of the Common Shares on the TSX is subject to fluctuation based on several factors, many of which are outside the control of the Corporation. These include, but are not limited to, fluctuations and volatility in commodity price markets for oil and natural gas and natural gas liquids, input costs relating to products used in connection with the Corporation's services, global economic conditions, changes in government, environmental policies, legislation and royalty regimes, and other factors, some of which are disclosed and discussed under the heading "Risk Factors" in the Corporation's Annual Information Form for the year ended December 31, 2025.

## Summary Compensation Table

The following table sets forth the total compensation of the Named Executive Officers for the last three financial years.

## Termination and Change of Control Benefits

### *Executive Employment Agreements*

#### General

The Corporation has executive employment agreements (the “**Executive Employment Agreements**”) with each of the NEOs. The Executive Employment Agreements are for an indefinite term, until terminated by the Corporation or a NEO pursuant to the terms and conditions of the respective Executive Employment Agreement. The Executive Employment Agreements contain non-competition and non-solicitation provisions that restrict the NEOs from directly or indirectly competing with the Corporation or soliciting business from clients of the Corporation for a prescribed period of time (the “**Restrictive Period**”). The Restrictive Period for the NEOs is eighteen (18) months following the termination of their respective Executive Employment Agreement.

For the purposes of the Executive Employment Agreements, a “**Change of Control**” means, in the case of Messrs. Zinger, Aulicino and Burroughs: (i) the acceptance, by the beneficial owners of voting units (“**Voting Units**”) of Canadian Energy Services L.P. (the “**Partnership**”) representing in the aggregate 50% or more of all issued and outstanding Voting Units, of any offer for all or any of the Voting Units, provided that no Change of Control shall be deemed to have occurred if upon completion of any such transaction, individuals who were members of the Board of Directors immediately prior to the effective date of such

transaction constitute a majority of the Board of Directors following such effective date; (ii) the acquisition by a person (or two or more persons acting jointly or in concert, directly or indirectly) of beneficial ownership of outstanding securities, other interests or rights to acquire securities, which, together with such person's then owned outstanding securities, other interests or rights to acquire securities, result in that person or persons being in a position to exercise effective control of the Partnership or the Corporation (i.e. such person or group of persons holding, owning or controlling, directly or indirectly, more than 50% of the outstanding voting securities or interests), except where such acquisition is part of a bona fide reorganization of the Corporation in circumstances where the affairs of the Corporation are continued, directly or indirectly; (iii) the sale, lease or exchange by the Partnership of all or substantially all of its assets (other than to an affiliate of the Partnership in circumstances where the affairs of the Partnership are continued, directly or indirectly); (iv) the passing of a resolution by the Board of Directors or the beneficial owners of Voting Units to substantially liquidate the assets or wind up the Partnership or significantly rearrange the affairs of the Partnership in one or more transactions or series of transactions or the commencement of proceedings for such a liquidation, winding up or re arrangement, except where such resolution is part of a bona fide reorganization of the Partnership in circumstances where the affairs of the Partnership are continued, directly or indirectly; or (v) any other event which in the opinion of the Board of Directors reasonably constitutes a Change of Control.

In the case of Messrs. Disney and Strickland a "**Change of Control**" means: (i) the acceptance of any offer for all or any of the Common Shares by the holders of Common Shares of 50% of more of the issued and outstanding Common Shares, provided that no Change of Control shall be deemed to have occurred if upon completion of any such transaction, individuals who were members of the Board of Directors immediately prior to the effective date of such transaction constitute a majority of the Board of Directors following such effective date; (ii) the acquisition by a person (or two or more persons acting jointly or in concert, directly or indirectly) of beneficial ownership of outstanding securities, other interests or rights to acquire securities, which, together with such person's then owned outstanding securities, other interests or rights to acquire securities, result in that person or persons being in a position to exercise effective control of the Corporation (i.e. such person or group of persons holding, owning or controlling, directly or indirectly, more than 50% of the outstanding voting securities or interests), except where such acquisition is part of a bona fide reorganization of the Corporation in circumstances where the affairs of the Corporation are continued, directly or indirectly; (iii) the sale by the Corporation of all or substantially all of its assets (other than to an affiliate of the Corporation in circumstances where the affairs of the Corporation are continued, directly or indirectly); (iv) the passing of a resolution by the Board of Directors or the Common Shareholders to substantially liquidate the assets or wind up the Corporation or significantly rearrange the affairs of the Corporation in one or more transactions or series of transactions or the commencement of proceedings for such a liquidation, winding up or re arrangement; or (v) any other event which in the opinion of the Board of Directors reasonably constitutes a change of control.

For the purposes of the Executive Employment Agreements for the NEOs, "**Severance Period**" means a period of eighteen (18) months' notice or pay in lieu of notice, in the Corporation's discretion.

#### *Termination Without Cause or Termination Following Change of Control and Good Reason*

If an NEO: (i) is terminated without cause; or (ii) terminates his Executive Employment Agreement following a Change of Control of the Corporation and for "good reason", including a loss of position or reduction in salary and benefits (collectively, a "**Change of Control Reason**"), such NEO may, within 180 days following the Change of Control, provide the Corporation with 60 days' written notice and be entitled to: (i) his base salary and employee benefits and perquisites to the conclusion of the Severance Period; (ii) an amount equal to the average bonus paid to such NEO each year over the three previous years multiplied by 1.5; and (iii) the vesting of any RSUs, granted to the NEO prior to the NEOs termination date which remain unvested and would have otherwise vested during the Severance Period, which shall be deemed to have vested on the date of such NEOs termination and therefore redeemable for Common Shares.

### *Termination for Good Reason*

If an NEO terminates his Executive Employment Agreement following: (i) the assignment of any duties inconsistent with such NEO's status as an executive officer of the Corporation or a material alteration in the nature or status of such NEO's responsibilities or duties or reporting relationship; (ii) a reduction by the Corporation in such NEO's base salary or other remuneration; (iii) the elimination of such NEO's bonus; (iv) a material reduction by or as a result of action by the Corporation in such NEO's employment benefits; (v) the Corporation requiring such NEO to be based anywhere other than as provided for in his Executive Employment Agreement, excepting business travel obligations in the ordinary course of business; (vi) failure by the Corporation to pay to such NEO any non-discretionary bonus to which such NEO is entitled from time to time on or before four (4) months from the end of the period to which the bonus relates; or (vii) the failure of the Corporation or the Partnership to obtain a satisfactory agreement from a successor to assume and agree to perform the Executive Employment Agreement (each circumstance constituting "**Good Reason**"), such NEO is entitled to: (i) their base salary and employee benefits and perquisites to the conclusion of the Severance Period; (ii) an amount equal to the average bonus paid to the NEO each year over the three previous years multiplied by 1.5; and (iii) the vesting of any RSUs, granted to the NEO prior to the NEO's termination date which remain unvested and would have otherwise vested during the Severance Period, which shall be deemed to have vested on the termination date and therefore redeemable for Common Shares. The Corporation remains liable to the NEO for payment of any non-discretionary bonus to which the NEO was entitled on the date of issuance by the NEO of the notice of termination.

### *Termination for Cause and Voluntary Resignation*

Under the Executive Employment Agreements, in the event of a termination for cause or upon notice of the voluntary resignation of an NEO, the Corporation is not obligated to pay any further compensation from the date of termination, provided that the Corporation has paid the NEO their salary, benefits and out of pocket expenses earned up to the date of termination.

### *Death or Permanent Disability*

If an NEO's employment is terminated due to death, his estate is entitled to receive (1) any unpaid annual salary, less required deductions, owing up to and including the date of death; (2) all outstanding vacation pay; and (3) expense reimbursements and bonus where: (i) if the NEO dies between the date of the Corporation's fiscal year end and the bonus payment date, the Corporation shall pay to the estate an amount in cash equal to 100% of the bonus that would otherwise have been payable to the NEO for the fiscal year ended, less required deductions; or (ii) if the bonus has not yet been determined in the year of the NEO's death, the Corporation shall pay to the estate a pro-rata amount in cash, calculated by dividing the number of days worked by the NEO in the fiscal year in question by the total number of working days in that fiscal year.

If an NEO suffers a permanent disability, the Corporation may terminate his Executive Employment Agreement after exhaustion of the Corporation's short-term disability coverage by providing 60 days' notice. Upon termination as a result of permanent disability, such NEO continues to be entitled to such insurance benefits as the NEO is qualified to receive pursuant to any long term disability plan and to any benefit or entitlement under any pension plan of the Corporation or any executive superannuation undertakings in which the NEO participates and is qualified to receive. Additionally, if the NEO suffers a permanent disability between the date of the Corporation's fiscal year end and the bonus payment date, the Corporation shall pay to the NEO an amount in cash equal to 100% of the bonus that would otherwise have been payable to the NEO for the fiscal year ended, less required deductions. If the bonus has not yet been determined in the year of the NEO's permanent disability, the Corporation shall pay to the NEO a pro-rata amount in cash, calculated by dividing the number of days worked by the NEO in the fiscal year in question by the total number of working days in that fiscal year.

### *Estimated Payments*

The following table sets forth the estimated incremental payments under the Executive Employment Agreements that would have been required to have been made to the NEO had a NEO either been (i) terminated without just cause; (ii) entitled to terminate his or her employment within 180 days of a Change of Control and for a Change of Control Reason; or (iii) for the NEO's, entitled to terminate his or her employment for Good Reason, and in each case had such events occurred on December 31, 2025.

### *RSU and PSU Plan*

As described under “*Share Based Compensation Plans – Terms of the RSU Plan*”, the RSU Plan, in conjunction with the Executive Employment Agreements provide for the accelerated vesting of outstanding RSUs in certain circumstances, including in connection with certain change of control transactions or termination events. The PSU Plan contains identical provisions with respect to the accelerated vesting of outstanding PSUs in certain circumstances, including in connection with certain change of control transactions or termination events.

The following table provides details of the value of accelerated RSUs (or RSUs and PSUs in the case of Messrs. Strickland and Burroughs) held by the NEOs as at December 31, 2025, assuming the occurrence of the noted triggering event as at December 31, 2025. The value of the accelerated RSUs (or RSUs and PSUs in the case of Messrs. Strickland and Burroughs) has been calculated by multiplying the number of RSUs held by the Named Executive Officer (or the number of RSUs and PSUs held by Messrs. Strickland and Burroughs) by the closing price of the Common Shares on the TSX on December 31, 2025, of \$12.27.

## DIRECTORS' COMPENSATION

### Overview

The Board of Directors, through the Compensation Committee, is responsible for developing and implementing the directors' compensation plan. The main objectives of the directors' compensation plan are to:

- compensate the directors in a manner that is commensurate with the risks and responsibilities assumed in Board of Directors and committee membership, and competitive with other comparable public issuers; and
- align the interests of the directors with the Shareholders.

Unlike compensation for the NEOs, the directors' compensation plan is not designed to pay for performance; rather, directors receive equity-based compensation and retainers for their services and meeting fees paid in cash in order to help ensure unbiased decision-making.

The following table outlines the fees for the Board for the financial year ended December 31, 2025, as well as the approved fees for 2026:

Fee	2025 Fee Amount (USD)	2026 Fee Amount (USD)
Annual Retainer for Board member	\$75,000	\$120,000 <sup>(1)</sup>
Meeting Fee for Board and Committee Meetings (in person)	\$1,500	\$1,500
Meeting Fee for Board and Committee Meetings (via conference call)	\$1,000	\$1,000
Annual Retainer for Chair of the Board	\$50,000	\$82,000 <sup>(2)</sup>
Annual Retainer for Chair of the Audit Committee	\$12,000	\$23,000 <sup>(2)</sup>
Annual Retainer for the Chair of the Compensation Committee	\$9,000	\$15,000 <sup>(2)</sup>
Annual Retainer for Chair of the Governance and Nominating Committee	\$9,000	\$15,000 <sup>(2)</sup>
Annual Retainer for Chair of the HS&E Committee	\$9,000	\$15,000 <sup>(2)</sup>

**Notes:**

(1) The 2026 Annual Retainer fee amount is effective April 1, 2026

(2) The 2026 Committee Chair fee amount is effective January 1, 2026.

Prior to January 1, 2025, US Based Directors were paid the above retainers and meeting fees in US Dollars, and Canadian Directors were paid the above retainers and meeting fees in Canadian Dollars. Effective January 1, 2025, in order to ensure that all Directors were compensated equally, all Directors regardless of residence earn their Board fees in US Dollars.

The 2026 Board fee amounts were approved by the Board of Directors, on recommendation by the Compensation Committee, and are intended to align the Corporation's Board compensation amounts those of the Compensation Peer Group.

The Corporation also reimburses the directors for out-of-pocket expenses for attending meetings. No compensation was paid to Mr. Zinger in his capacity as a director of the Corporation.

Pursuant to the DCA, directors may elect to receive their annual retainer and meeting fees in the form of Common Shares instead of cash. If a director elects to receive any portion of his or her annual retainer or meeting fees in the form of Common Shares, the number of Common Shares to be issued will be determined after converting to Canadian Dollars, net of withholding taxes and based on the five day volume weighted average trading price of Common Shares prior to each payment date, subject to the Corporation's trading policy.

## Summary Compensation Table

The following table summarizes the compensation paid, payable, awarded or granted for 2025 to each of the non-management directors of the Corporation in 2025 in Canadian dollars.

Directors of the Corporation are entitled to participate in the security-based compensation arrangements of the Corporation, including receiving RSUs under the RSU Plan. See "*Share Based Compensation Plans*" above for a description of the RSU Plan. The purpose of granting awards under such incentive plans is to assist the Corporation in compensating, attracting, retaining and motivating directors and to align the interests of such persons with those of the Shareholders.

The minimum share ownership requirement for the non-executive directors of the Corporation has been set at three times the directors' annual retainer, including the value of any equity-based consideration. Newly elected non-executive directors have three years to meet the share ownership requirements.
